

THE EVENING NEWS REVIEW.

TWELFTH YEAR. NO. 146.

EAST LIVERPOOL, OHIO, SATURDAY, NOVEMBER 28, 1896.

TWO CENTS

DEVOTED TO THE INTERESTS OF EAST LIVERPOOL.

DDP

The Heavy Rain

did not keep away the jolly crowds of bargain buyers, the first day of our **Grand Closing Out Removal Sale**. They were here in full force, went away happy, and promised to return, bringing their friends with them. The result of this medium of advertising was a bigger crowd today than yesterday, and why we will have bigger crowds next week than this week, and why not—there's money in it for the crowds if not for us.

READ THIS BRIEF LIST:

Ladies' and Children's Wraps at after-Christmas prices.
Dress Goods—Every yard sold a big bargain.
Every Remnant in the store at Half Price.
ONE-FOURTH OFF on all Laces, Embroideries and Muslin Underwear.
Yard wide Muslins at 3½c.
6c Calicos, 25 styles, 3½c.
Best Apron Gingham, 4½c.
ONE-THIRD OFF on all odd sizes of Underwear.

If our space was not limited, we could go on indefinitely, but enough has been said to give an idea of how we are selling goods. There is no article reserved; everything must be sold, even our fixtures. We mean business. Come and see for yourself.

The Boston Store.

A. S. YOUNG,

138 and 140 Fifth Street, East Liverpool, O.

THE S. G. HARD CO.

THE BIG STORE.

ANOTHER LOT OF THESE

CELEBRATED
WARDROBES

has been received, and we will continue to sell them at the phenomenally low price of \$5.00 each.

This is the greatest seller we have had this season. 'Tis just what the people want and need.

Though it holds a great deal of clothing by means of the revolving hanger any piece can be removed without disturbing the contents.

It don't weigh much. It don't take up much floor space (24 inches only.)

It is finished on all sides, so can be stood anywhere in the room or hall. In short, it is just the thing to keep your clothing out of sight and away from the dust.

Last, but not least, at the price

\$5.00

You cannot afford to not have one.

HOLIDAY GOODS

arriving daily and are being sold so low that you can fit up your house this year with **FURNITURE, CARPETS** and **PICTURES** for what it cost for trinkets other years.

Have you seen our Holiday Goods and Holiday prices?

LIGHT FOR TEN YEARS

Council Committees and Company Are Satisfied.

EIGHTY DOLLARS IS THE PRICE

Judge Smith Made a Concession or Two, and the Councilmen Decided It Was an Advantageous Arrangement, and Will So Report at the Next Meeting.

Finance and light committees of council talked business with Judge Smith last night, and after a discussion consuming two hours and filled with argument which would make good reading, an agreement that will be embodied in a report to council was reached.

The meeting was held in the office of J. J. Purinton, and the door was closed. Mr. Kent, Mr. Stewart, Mr. Challis, Mr. Horwell, Mr. Peake, Mr. Purinton and Judge Smith were in the room when Mayor Gilbert, Clerk Hanley and the reporters approached the door.

"Who's there?" came the voice of Mr. Kent in response to the loud knock of the clerk. "This is a private meeting. I don't know who you are."

The clerk explained that he had some papers for the committee, but it did not satisfy Mr. Kent, and it was not until Mr. Purinton had called out and had been answered by the officials that the door was opened. They were admitted, but the reporters were again informed that it was a private session.

Judge Smith made plain the position of the company, and for two hours it was discussed. Mr. Stewart still held to the position that the contract was not what the city should have, and vigorously hugged the delusion that municipal light could only successfully be obtained from a municipal plant. He was met by the business argument of Judge Smith at every turn, and figures were brought out which put a different aspect on the troublesome question. It was shown that Bridgeport had 99 lights at \$75 a month, Steubenville 173 at \$75, and Bellaire 73 at \$55. These facts stood out in bold relief against some of the fairy figures quoted so often by the advocates of a municipal plant, and the committee considered them seriously.

After much discussion it was decided to report to council that a contract for 10 years, under the terms proposed by the company, was the best possible arrangement which could at present be made. The conditions of the contract call for 85 lights at \$80 a light, the city to have the privilege of having the price changed after the first three years for a period of three years, the rate to be decided by three arbitrators, one selected by the company, one by the city, and the third by the first two. At no time shall the price be made more than the price paid the first three years. The same privilege is made for end of the second period. Council is given the right to add five lights at any time, and the company must then reduce the price of each light \$2 a year, making the rate \$78. On each additional five there is to be a reduction of \$1 until the city is paying for 100 lights. The city has the option of purchasing the plant at any time at a cash price, to be agreed upon by three men selected for that purpose. The company must also purchase and keep constantly in reserve a 50 ac dynamo, to be used only in case of accident to the other machinery. Another concession made by the company gives the city 50 incandescent lights free of any charge. At present the city uses 25 of these, and pays the company \$15 a month. The new arrangement makes a saving of \$360 a year to the city over the present expenditure. What the committee call "outages" will be deducted, as heretofore. There was some conversation relative to the protection of business men, but it was decided that it could not be embodied in the contract, but must be provided for in an ordinance enacted for that purpose.

The prospect of the contract being made is good. Mr. Stewart and Mr. Horwell were the only members present last night who opposed the report. This leaves Mr. Ashbaugh and Doctor Marshall the only members whose opinions have not been put to a vote. It is understood that the report of the committee will be accepted as the sentiment of council.

Judge Smith agreed with President Purinton today that the company would not raise the price of light to private consumers, and business houses and residences will be provided at a rate not greater than that now in force.

No New Cases.

There was not a new case of diphtheria reported today, and the health officer is very hopeful that the disease is

entirely wiped out. Mrs. William Bolton continues to improve, and is now out of danger.

STILL IMPROVING.

The News Review Receiving Its Full Share of Prosperity.

Confidence reigns supreme all over the land. Business men are gladdened at heart. The indications are that the hustlers (workers—not waiters) will make good money during the next few years. We may not be in the full tide of oncoming prosperity for twelve or sixteen months; but we will have decidedly better times, during the months designated, than we have had for years past. The management of the NEWS REVIEW returns warm thanks to its readers for their generous support in the past, and to merchants, business men and manufacturers for generous patronage in advertising and job work. The circulation of the NEWS REVIEW has been constantly on the increase during the past four and a half years. Lately, the management has taken in Wellsville, where the daily now has a snug circulation. Additional force has been placed in the composing room, and our newsgatherers are giving to the people everything worthy of note in this city and the surrounding country. Thousands of dollars were invested in the job department last spring, until the job office is a beauty, fitted out with the most approved machinery and supplied with the finest and best job type manufactured. Still further improvements will be made in the next few weeks, and East Liverpool will have a newspaper plant in which she can take just pride. Practical men, among the best judges of printing in the land, have lately paid the NEWS REVIEW office a visit, and they were unstinted in their warm words of praise. Selah.

SUNK A BARGE OF IRON

It Is Being Raised By Bridge Men This Afternoon.

Several hours before daybreak this morning a flat loaded with 27 tons of iron, the property of the bridge company, went to the bottom of the river near the Virginia pier.

At 1 o'clock Watchman Prudens made his rounds and at that time the boat was afloat, and apparently nothing was wrong. An hour later a tug boat passed and caused a mighty swell in the river. The wharf boat swayed and tossed and the timbers in the hold creaked and groaned in such a manner that William Pilgrim feared the boat would spring a leak. Until morning he remained awake lest the worst should happen. The action of the waves, it is thought, made an opening in the boat near the pier and caused her to sink. The iron was needed today, and early this morning efforts were made to recover it. A derrick boat was towed near the sunken craft, and the work began. Each piece of iron weighs 4,000 pounds, and grappling hooks were used to bring them to the surface. A line was then made fast, and the iron landed. It is thought it will all be recovered by tonight.

TWENTY-FIVE YEARS MARRIED.

Mr. and Mrs. Robert Burford Celebrated the Anniversary.

The silver wedding of Mr. and Mrs. Robert Burford was celebrated at their pleasant home on Sixth street last evening, a large number of friends being present. They were married in this city, and a number of those who attended the wedding were with them last night to make merry. Lunch was served, and excellent music made the hours pass delightfully. Reverend Hastings made a happy little speech. Mr. and Mrs. Burford were the recipients of many beautiful presents. Among those present from out of the city were Mr. and Mrs. H. A. Dixon, of McKeesport; Mr. and Mrs. McMichael, and Mrs. Davidson, of Wellsville. So well were the guests entertained that they did not leave until 2 o'clock.

THAT LITTLE GAME

Continues to Fleece Those Who Will Play.

The gambling outfit mentioned in the NEWS REVIEW a week or two ago seems to be reaping a rich harvest. A leading resident of the East End is responsible for the statement that agents of the concern move among the workmen in the potteries, and advertise their business quietly, but well. A wheel of fortune seems to be the favorite, and every time it goes around someone gets \$8. A number of young men have lost heavily at the game.

WITHOUT A STRUGGLE

George Morley Passed Peacefully Away.

HE WAS ILL FOR ALMOST A YEAR

But Insisted on Attending to Business, and Soon After Noon Today Was Carried Down Stairs, Dying in the Presence of His Family Soon After Leaving His Room.

Another man whose name was long identified with East Liverpool is dead. Another manufacturing potter has passed to the last long home.

George Morley died at 12:40 this afternoon, after an illness lasting through the greater part of the year. Last winter his constitution, never too strong, began to show signs of weakening. Bright's disease and a complication of ailments made him almost an invalid, but he refused to relinquish the remainder of what had been a busy life, and continued to look after his affairs. A few months ago he became very ill, but rallied sufficiently to attend to business, and was in his office only a few days ago. Last night he was very ill, and expressed the belief to a number of personal friends who called that he would never get well. Today he expressed the desire to be taken from his room, and urged it so strongly that his son, Edward, helped him down stairs. All the members of the family were present except George, who is in Elizabeth, N. J., and they realized the exertion was too much for Mr. Morley, but they were greatly shocked when they realized he was dying. He expired without an effort, not being able to respond to the hurried questions of his wife and children.

George Morley was born in Staffordshire in 1829, and was the son of Samuel and Hanna Morley, natives of the same country. He was sent to night schools in his early youth, and when only 14 years old began his apprenticeship as a potter. He became very skillful, and thinking the United States was the place for a young man, Mr. Morley landed in Baltimore in 1849. After remaining there a short time he went to Illinois, where his brother had located. They established a pottery in Madison county, and conducted the business until 1862, when Mr. Morley came to East Liverpool and took up a position with G. S. Harker & Co. He also worked for Woodward, Blakely & Co. for a time, and in 1868 established a partnership with the late James A. Goodwin and others. A small pottery was purchased, and conducted by them for 30 years. In 1878 Mr. Morley organized the Pioneer Pottery company, built the plant, and managed it for five years. In 1884 he purchased what was known as the Lincoln pottery, on Robinson street, and four years later his son, George S. Morley, became a partner, the firm being known as George Morley & Son. The business was conducted successfully for a time, and then he retired from the potting trade. In the spring of 1891 he was elected mayor of the city and filled the office with credit. At the end of the term he was made a justice of the peace, which office he held at the time of his death.

Mr. Morley was married in 1861 to Emma M. Beardmore, and George, Lincoln, Samuel, Edwin and Elmer came to bless the union. Although married but a few months when the call came for arms, he was among the first in this county to enlist, and as a soldier in the Third Ohio infantry, served for three months. He reenlisted in the Forty-third infantry, and was made second lieutenant. He was a trusted officer and a brave man, and when one who could be relied upon to throw the first pontoon bridge across the river at Petersburg was needed, George Morley was selected and faithfully performed the task, his men working like beavers until the bridge was complete. Over this marched the first Union troops to open the battle of Petersburg.

Mr. Morley was at the time of his death adjutant of General Lyon post, G. A. R., and a number of years ago was commander of the Wellsville post. He was a member of Pilgrim commandery, Knights Templars, having been made a Mason in Wellsville over 40 years ago, and has long been identified with the Odd Fellows. He was a consistent Christian, and has been a member of the Methodist Protestant church for many years. Had he lived until Christmas he would have been 67 years of age. Arrangements for the funeral have been made, and it will likely be held on Tuesday afternoon, services being conducted by Reverend Hastings at the Methodist Protestant church. It will be in charge of the Masons.

George Morley was a good citizen and an upright man. As a manufacturing potter he had the respect of his workmen and associates, and as the mayor of the city he was esteemed as one who did his duty. He was one of the men who labored to make East Liverpool what it is, and his memory will long be cherished by those who knew him best.

MRS. AMELIA WIRTH.

She Lived in the City Almost Half a Century

Mrs. Amelia Wirth died at the Wirth homestead on Walnut street yesterday afternoon.

Mrs. Wirth was born in Germany 78 years ago, and came to this country when 13 years old. With her parents she lived for a time in Pittsburgh, and 47 years ago moved to this place. She was married to Henry Wirth, who died here six years ago, after a residence in the city of 55 years. They had three children, William Wirth, of East Palestine, Tillie Wirth and Mrs. Thomas Robinson. The funeral will take place Monday afternoon at 2 o'clock.

Five weeks ago Mrs. Wirth was stricken with paralysis, but improved so that her daughter went to Pittsburgh yesterday to buy her a reclining chair. Yesterday afternoon she talked cheerfully with William Robinson, but he had not left the house a minute until he was summoned to return by the startling announcement that she was dying. Mrs. Wirth was among the best known and most esteemed residents of the city.

TWO DEATHS.

The McGilivray Family Is Sorely Afflicted.

Death twice invaded the home of Mr. and Mrs. Robert McGilivray, yesterday. In the morning Ora succumbed to typhoid pneumonia, and last evening when another daughter, Gertrude, aged 14 years, passed away from the same disease, fresh sorrow was added to the already bereaved family. Funeral services, conducted by Reverend Huston, will be held at the residence, between Second and Third streets, this afternoon. The bodies will be taken to Salineville for interment.

WILL DISBAND.

The Eclipse Club Will Play No More Games This Season.

The Eclipse football team will disband within the next few days, as it is deemed unwise by the management to play any more this year. The season has not been a financial success, as the club has no enclosed grounds. The outlook for next year is unusually bright, and East Liverpool will have one of the best football teams in this section of the country.

Joe Stanway and Paddy Hernan covered themselves with glory at Jeannette, Thursday afternoon, and saved the Jeannette team from defeat, as Hernan kicked the only goal they made.

HAD A COMPLAINT.

David Boyd Wanted Protection For His Son.

David Boyd called on Mayor Gilbert last evening, and complained that a lad named Edward Garvey persisted in abusing his son. He wanted to get out an injunction against the Garvey lad, compelling him to keep the peace. Boyd said young Garvey had an unpleasant habit of pelting his son with stones. If the latter would thrash his assailant, Boyd believed he would not carry complaints to city hall. The disposition of the son is very mild, and he makes little retaliation for the wrongs he is forced to bear. The parties reside in the West End.

WILL MEET IN CANTON.

Officers of the Eighth Talking About the Washington Trip.

The officers of the Eighth and Tenth regiments will meet in Canton some time next week, and discuss the prospective trip to Washington at the inauguration of President McKinley. The regiments are anxious to go and act as part of the escort to the president. Company E will be represented at the meeting by Captain Hill. Arrangements are being made to secure the rank, and the local command will get down to work in earnest, as the trip to Washington seems a certainty.

A CRIPPLE FOR LIFE.

W. E. Stevenson Will Never Be Well Again.

W. E. Stevenson, who fell off the bridge two weeks ago and has since been at the Anderson house a very sick man, cannot be moved to his home in Wellsville for a month. He is getting along as well as the attending physician could ask, and his wife is tenderly caring for him. It is feared that the injury will result much more seriously than was at first believed, and Stevenson may be a cripple for life.

THOUSANDS OF MILES

Did Charles Sittig Tramp Before He Got Home.

AN OLD MAN'S LONG JOURNEY

He Was Ill, and Went to Colorado, but Finding No Relief in the Mountain Air Decided Even Though He Had No Money to Come Home.

It is not often that a man on the shady side of 50 will attempt a journey of almost 2,000 miles, particularly if he happens to be without funds.

Charles Sittig, a former resident of this city, has just arrived here after a tramp from Colorado. Being almost penniless when he started the greater part of the journey was made on foot. A year ago last July, Sittig was taken ill, and acting upon the advice of a physician went south. Having relatives in San Antonio, Tex., he located there. Instead of improving he grew worse, and after staying for a time, decided to try another change of climate. He went to Colorado, and stayed there until two months ago. He derived no benefit, and decided to come home. Having exhausted all his funds, Sittig could turn to no one for help, but bravely set out on the return journey. His physical condition was such that he suffered a great deal, but he stuck to the road, and walked mile after mile, upheld by the one thought that he would eventually reach home and friends. Occasionally he met a brakeman a little less severe than others, and was allowed to ride on a freight train. Some days he was without food, and then his sufferings were such that he was tempted to give up the struggle. Generous people along the road alone kept him from starvation for he was too weak to work. Reaching Pittsburg early in the week he chanced to find a friend who advanced him the money to pay his fare to East Liverpool. Upon reaching here he went to the home of his daughter, Mrs. Fritz Guppert, on Thompson hill, where he was tenderly received and is now being nursed back to health. When it is remembered that Sittig is an old man his journey is nothing short of remarkable.

FIRE THE SHANTY.

California Hollow Boys Wearied of Their Den.

For several weeks a number of California hollow boys have gathered each evening in a shanty on the hillside above Trentvale street. Their favorite amusement was cards, and the place bore an unsavory reputation. Thursday evening the shanty was destroyed by fire, and the owner, James Meyers, investigated. He believes he has settled the act upon the guilty parties, and it is likely they will be prosecuted in the not distant future.

A WEST END KICK.

Residents Want Teamsters to Drive In the Road.

The residents of West End are complaining because of the condition of the board walks in their section of the city. When the work of repairing the culvert at the Horn switch was commenced it was necessary for teamsters to drive over the walk. When it was finished the teamsters continued to drive along the board walk until now the planks are all worn out, and to reach the city the people have to go through mud six inches deep.

A MINISTERIAL VISITOR.

Dr. S. C. Dickey Is Visiting in the City.

Dr. S. C. Dickey is the guest of Doctor Lee, and will spend several days in the city. Doctor Dickey is the secretary and general manager of the Winona school, at Eagle Lake, Ind. The institution is similar to the Chautauqua and Moody school combined, and is a Presbyterian institution, widely known. The general assembly holds its meeting there next year.

ABUSING A HORSE.

Small Boys of Sheridan Avenue Cause a Complaint.

A lady called at the office of the Humane society this afternoon, and complained about several small boys abusing an old horse running loose on Sheridan avenue. The boys claim a man brought the animal from the country and gave it to them. The horse will probably be turned over to the pelt hunters.

A West End Entertainment.

A musical entertainment was held at the West End Presbyterian chapel last evening. It was given by the Endeavorers, and was a pleasing affair. There was a good attendance.

LIGHT FOR TEN YEARS

Council Committees and Company Are Satisfied.

EIGHTY DOLLARS IS THE PRICE

Judge Smith Made a Concession or Two, and the Councilmen Decided It Was an Advantageous Arrangement, and Will So Report at the Next Meeting.

Finance and light committees of council talked business with Judge Smith last night, and after a discussion consuming two hours and filled with argument which would make good reading, an agreement that will be embodied in a report to council was reached.

The meeting was held in the office of J. J. Purinton, and the door was closed. Mr. Kent, Mr. Stewart, Mr. Challis, Mr. Horwell, Mr. Peake, Mr. Purinton and Judge Smith were in the room when Mayor Gilbert, Clerk Hanley and the reporters approached the door.

"Who's there?" came the voice of Mr. Kent in response to the loud knock of the clerk. "This is a private meeting. I don't know who you are."

The clerk explained that he had some papers for the committee, but it did not satisfy Mr. Kent, and it was not until Mr. Purinton had called out and had been answered by the officials that the door was opened. They were admitted, but the reporters were again informed that it was a private session.

Judge Smith made plain the position of the company, and for two hours it was discussed. Mr. Stewart still held to the position that the contract was not what the city should have, and vigorously hugged the delusion that municipal light could only successfully be obtained from a municipal plant. He was met by the business argument of Judge Smith at every turn, and figures were brought out which put a different aspect on the troublesome question. It was shown that Bridgeport had 99 lights at \$75 a month, Steubenville 173 at \$75, and Bellaire 73 at \$85. These facts stood out in bold relief against some of the fairy figures quoted so often by the advocates of a municipal plant, and the committee considered them seriously.

After much discussion it was decided to report to council that a contract for 10 years, under the terms proposed by the company, was the best possible arrangement which could at present be made. The conditions of the contract call for 85 lights at \$80 a light, the city to have the privilege of having the price changed after the first three years for a period of three years, the rate to be decided by three arbitrators, one selected by the company, one by the city, and the third by the first two. At no time shall the price be made more than the price paid the first three years. The same privilege is made for end of the second period. Council is given the right to add five lights at any time, and the company must then reduce the price of each light \$2 a year, making the rate \$78. On each additional five there is to be a reduction of \$1 until the city is paying for 100 lights. The city has the option of purchasing the plant at any time at a cash price, to be agreed upon by three men selected for that purpose. The company must also purchase and keep constantly in reserve a 50 amp dynamo, to be used only in case of accident to the other machinery. Another concession made by the company gives the city 50 incandescent lights free of any charge. At present the city uses 25 of these, and pays the company \$15 a month. The new arrangement makes a saving of \$360 a year to the city over the present expenditure. What the committee call "outages" will be deducted, as heretofore. There was some conversation relative to the protection of business men, but it was decided that it could not be embodied in the contract, but must be provided for in an ordinance enacted for that purpose.

The prospect of the contract being made is good. Mr. Stewart and Mr. Horwell were the only members present last night who opposed the report. This leaves Mr. Ashbaugh and Doctor Marshall the only members whose opinions have not been put to a vote. It is understood that the report of the committee will be accepted as the sentiment of council.

Judge Smith agreed with President Purinton today that the company would not raise the price of light to private consumers, and business houses and residences will be provided at a rate not greater than that now in force.

No New Cases.

There was not a new case of diphtheria reported today, and the health officer is very hopeful that the disease is

entirely wiped out. Mrs. William Bolton continues to improve, and is now out of danger.

STILL IMPROVING.

The News Review Receiving Its Full Share of Prosperity.

Confidence reigns supreme all over the land. Business men are gladdened at heart. The indications are that the hustlers (workers—not waiters) will make good money during the next few years. SUNK A BARGE OF IRON

It Is Being Raised By Bridge Men This Afternoon.

Several hours before daybreak this morning a flat loaded with 27 tons of iron, the property of the bridge company, went to the bottom of the river near the Virginia pier.

At 1 o'clock Watchman Prudens made his rounds and at that time the boat was afloat, and apparently nothing was wrong. An hour later a tug boat passed and caused a mighty swell in the river. The wharf boat swayed and tossed and the timbers in the hold creaked and groaned in such a manner that William Pilgrim feared the boat would spring a leak. Until morning he remained awake lest the worst should happen. The action of the waves, it is thought, made an opening in the boat near the pier and caused her to sink. The iron was needed today, and early this morning efforts were made to recover it. A derrick boat was towed near the sunken craft, and the work began. Each piece of iron weighs 4,000 pounds, and grappling hooks were used to bring them to the surface. A line was then made fast, and the iron landed. It is thought it will all be recovered by tonight.

TWENTY-FIVE YEARS MARRIED.

Mr. and Mrs. Robert Burford Celebrated the Anniversary.

The silver wedding of Mr. and Mrs. Robert Burford was celebrated at their pleasant home on Sixth street last evening, a large number of friends being present. They were married in this city, and a number of those who attended the wedding were with them last night to make merry. Lunch was served, and excellent music made the hours pass delightfully. Reverend Hastings made a happy little speech. Mr. and Mrs. Burford were the recipients of many beautiful presents. Among those present from out of the city were Mr. and Mrs. H. A. Dixon, of McKeesport; Mr. and Mrs. McMichaels and Mrs. Davidson, of Wellsville. So well were the guests entertained that they did not leave until 2 o'clock.

THAT LITTLE GAME

Continues to Fleeced Those Who Will Play.

The gambling outfit mentioned in the NEWS REVIEW a week or two ago seems to be reaping a rich harvest. A leading resident of the East End is responsible for the statement that agents of the concern move among the workmen in the potteries, and advertise their business quietly, but well. A wheel of fortune seems to be the favorite, and every time it goes around someone gets \$8. A number of young men have lost heavily at the game.

WITHOUT A STRUGGLE

George Morley Passed Peacefully Away.

HE WAS ILL FOR ALMOST A YEAR

But Insisted on Attending to Business, and Soon After Noon Today Was Carried Down Stairs, Dying in the Presence of His Family Soon After Leaving His Room.

Another man whose name was long identified with East Liverpool is dead. Another manufacturing potter has passed to the last long home.

George Morley died at 12:40 this afternoon, after an illness lasting through the greater part of the year. Last winter his constitution, never too strong, began to show signs of weakening. Bright's disease and a complication of ailments made him almost an invalid, but he refused to relinquish the remainder of what had been a busy life, and continued to look after his affairs. A few months ago he became very ill, but rallied sufficiently to attend to business, and was in his office only a few days ago. Last night he was very ill, and expressed the belief to a number of personal friends who called that he would never get well. Today he expressed the desire to be taken from his room, and urged it so strongly that his son, Edward, helped him down stairs. All the members of the family were present except George, who is in Elizabeth, N. J., and they realized the exertion was too much for Mr. Morley, but they were greatly shocked when they realized he was dying. He expired without an effort, not being able to respond to the hurried questions of his wife and children.

George Morley was born in Staffordshire in 1829, and was the son of Samuel and Hanna Morley, natives of the same country. He was sent to night schools in his early youth, and when only 14 years old began his apprenticeship as a potter. He became very skillful, and thinking the United States was the place for a young man, Mr. Morley landed in Baltimore in 1849. After remaining there a short time he went to Illinois, where his brother had located. They established a pottery in Madison county, and conducted the business until 1852, when Mr. Morley came to East Liverpool and took up a position with G. S. Harker & Co. He also worked for Woodward, Blakely & Co. for a time, and in 1858 established a partnership with the late James A. Goodwin and others. A small pottery was purchased, and conducted by them for 20 years. In 1878 Mr. Morley organized the Pioneer Pottery company, built the plant, and managed it for five years. In 1884 he purchased what was known as the Lincoln pottery, on Robinson street, and four years later his son, George S. Morley, became a partner, the firm being known as George Morley & Son. The business was conducted successfully for a time, and then he retired from the potting trade. In the spring of 1891 he was elected mayor of the city and filled the office with credit. At the end of the term he was made a justice of the peace, which office he held at the time of his death.

Mr. Morley was married in 1861 to Emma M. Beardmore, and George, Lincoln, Samuel, Edwin and Elmer came to bless the union. Although married but a few months when the call came for arms, he was among the first in this county to enlist, and as a soldier in the Third Ohio infantry, served for three months. He reenlisted in the Forty-third infantry, and was made second lieutenant. He was a trusted officer and a brave man, and when one who could be relied upon to throw the first pontoon bridge across the river at Petersburg was needed, George Morley was selected and faithfully performed the task, his men working like beavers until the bridge was complete. Over this marched the first Union troops to open the battle of Petersburg.

Mr. Morley was at the time of his death adjutant of General Lyon post, G. A. R., and a number of years ago was commander of the Wellsville post. He was a member of Pilgrim commandery, Knights Templars, having been made a Mason in Wellsville over 40 years ago, and has long been identified with the Odd Fellows. He was a consistent Christian, and has been a member of the Methodist Protestant church for many years. Had he lived until Christmas he would have been 67 years of age. Arrangements for the funeral have been made, and it will likely be held on Tuesday afternoon, services being conducted by Reverend Hastings at the Methodist Protestant church. It will be in charge of the Masons.

George Morley was a good citizen and an upright man. As a manufacturing potter he had the respect of his workmen and associates, and as the mayor of the city he was esteemed as one who did his duty. He was one of the men who labored to make East Liverpool what it is, and his memory will long be cherished by those who knew him best.

MRS. AMELIA WIRTH.

She Lived in the City Almost Half a Century

Mrs. Amelia Wirth died at the Wirth homestead on Walnut street yesterday afternoon.

Mrs. Wirth was born in Germany 78 years ago, and came to this country when 13 years old. With her parents she lived for a time in Pittsburgh, and 47 years ago moved to this place. She was married to Henry Wirth, who died here six years ago, after a residence in the city of 55 years. They had three children, William Wirth, of East Palestine, Tillie Wirth and Mrs. Thomas Robinson. The funeral will take place Monday afternoon at 2 o'clock.

Five weeks ago Mrs. Wirth was stricken with paralysis, but improved so that her daughter went to Pittsburgh yesterday to buy her a reclining chair. Yesterday afternoon she talked cheerfully with William Robinson, but he had not left the house a minute until he was summoned to return by the startling announcement that she was dying. Mrs. Wirth was among the best known and most esteemed residents of the city.

TWO DEATHS.

The McGillivray Family Is Sorely Afflicted.

Death twice invaded the home of Mr. and Mrs. Robert McGillivray, yesterday. In the morning Ora succumbed to typhoid pneumonia, and last evening when another daughter, Gertie, aged 14 years, passed away from the same disease, fresh sorrow was added to the already bereaved family. Funeral services, conducted by Reverend Huston, will be held at the residence, between Second and Third streets, this afternoon. The bodies will be taken to Salineville for interment.

WILL DISBAND.

The Eclipse Club Will Play No More Games This Season.

The Eclipse football team will disband within the next few days, as it is deemed unwise by the management to play any more this year. The season has not been a financial success, as the club has no enclosed grounds. The outlook for next year is unusually bright, and East Liverpool will have one of the best football teams in this section of the country.

Joe Stanway and Paddy Hernan covered themselves with glory at Jeannette, Thursday afternoon, and saved the Jeannette team from defeat, as Hernan kicked the only goal they made.

HAD A COMPLAINT.

David Boyd Wanted Protection For His Son.

David Boyd called on Mayor Gilbert last evening, and complained that a lad named Edward Garvey persisted in abusing his son. He wanted to get out an injunction against the Garvey lad, compelling him to keep the peace. Boyd said young Garvey had an unpleasant habit of pelting his son with stones. If the latter would thrash his ass, Boyd believed he would not carry complaints to city hall. The disposition of the son is very mild, and he makes little retaliation for the wrongs he is forced to bear. The parties reside in the West End.

WILL MEET IN CANTON.

Officers of the Eighth Talking About the Washington Trip.

The officers of the Eighth and Tenth regiments will meet in Canton some time next week, and discuss the prospective trip to Washington at the inauguration of President McKinley. The regiments are anxious to go and act as part of the escort to the president. Company E will be represented at the meeting by Captain Hill. Arrangements are being made to secure the rink, and the local command will get down to work in earnest, as the trip to Washington seems a certainty.

A CRIPPLE FOR LIFE.

W. E. Stevenson Will Never Be Well Again.

W. E. Stevenson, who fell off the bridge two weeks ago and has since been at the Anderson house a very sick man, cannot be moved to his home in Wellsville for a month. He is getting along as well as the attending physician could ask, and his wife is tenderly caring for him. It is feared that the injury will result much more seriously than was at first believed, and Stevenson may be a cripple for life.

THOUSANDS OF MILES

Did Charles Sittig Tramp Before He Got Home.

AN OLD MAN'S LONG JOURNEY

He Was Ill, and Went to Colorado, but Finding No Relief In the Mountain Air Decided Even Though He Had No Money to Come Home.

It is not often that a man on the shady side of 50 will attempt a journey of almost 2,000 miles, particularly if he happens to be without funds.

Charles Sittig, a former resident of this city, has just arrived here after a tramp from Colorado. Being almost penniless when he started the greater part of the journey was made on foot. A year ago last July, Sittig was taken ill, and acting upon the advice of a physician went south. Having relatives in San Antonio, Tex., he located there. Instead of improving he grew worse, and after staying for a time, decided to try another change of climate. He went to Colorado, and stayed there until two months ago. He derived no benefit, and decided to come home. Having exhausted all his funds, Sittig could turn to no one for help, but bravely set out on the return journey. His physical condition was such that he suffered a great deal, but he stuck to the road, and walked mile after mile, upheld by the one thought that he would eventually reach home and friends. Occasionally he met a brakeman a little less severe than others, and was allowed to ride on a freight train. Some days he was without food, and then his sufferings were such that he was tempted to give up the struggle. Generous people along the road alone kept him from starvation for he was too weak to work. Reaching Pittsburgh early in the week he chanced to find a friend who advanced him the money to pay his fare to East Liverpool. Upon reaching here he went to the home of his daughter, Mrs. Fritz Guppart, on Thompson hill, where he was tenderly received and is now being nursed back to health. When it is remembered that Sittig is an old man his journey is nothing short of remarkable.

FIRED THE SHANTY.

California Hollow Boys Wearied of Their Den.

For several weeks a number of California hollow boys have gathered each evening in a shanty on the hillside above Trentvale street. Their favorite amusement was cards, and the place bore an unsavory reputation. Thursday evening the shanty was destroyed by fire, and the owner, James Meyers, investigated. He believes he has settled the act upon the guilty parties, and it is likely they will be prosecuted in the not distant future.

A WEST END KICK.

Residents Want Teamsters to Drive In the Road.

The residents of West End are complaining because of the condition of the board walks in their section of the city. When the work of repairing the culvert at the Horn switch was commenced it was necessary for teamsters to drive over the walk. When it was finished the teamsters continued to drive along the board walk until now the planks are all worn out, and to reach the city the people have to go through mud six inches deep.

A MINISTERIAL VISITOR.

Dr. S. C. Dickey Is Visiting In the City.

Dr. S. C. Dickey is the guest of Doctor Lee, and will spend several days in the city. Doctor Dickey is the secretary and general manager of the Winona school, at Eagle Lake, Ind. The institution is similar to the Chautauqua and Moody school combined, and is a Presbyterian institution, widely known. The general assembly holds its meeting there next year.

ABUSING A HORSE.

Small Boys of Sheridan Avenue Cause a Complaint.

A lady called at the office of the Humane society this afternoon, and complained about several small boys abusing an old horse running loose on Sheridan avenue. The boys claim a man brought the animal from the country and gave it to them. The horse will probably be turned over to the pelt hunters.

A West End Entertainment.

A musical entertainment was held at the West End Presbyterian chapel last evening. It was given by the Endeavorers, and was a pleasing affair. There was a good attendance.

THE S. G. HARD CO.

THE BIG STORE.

ANOTHER LOT OF THESE

CELEBRATED
WARDROBES

has been received, and we will continue to sell them at the phenomenally low price of \$5.00 each.

This is the greatest seller we have had this season. 'Tis just what the people want and need.

Though it holds a great deal of clothing by means of the revolving hanger any piece can be removed without disturbing the contents.

It don't weigh much. It don't take up much floor space (24 inches only.)

It is finished on all sides, so can be stood anywhere in the room or hall. In short, it is just the thing to keep your clothing out of sight and away from the dust.

Last, but not least, at the price

\$5.00

You cannot afford to not have one.

HOLIDAY GOODS

arriving daily and are being sold so low that you can fit up your house this year with FURNITURE, CARPETS and PICTURES for what it cost for trinkets other years. Have you seen our Holiday Goods and Holiday prices?

EAST LIVERPOOL, O., SATURDAY, NOV. 28

THE silver men seem bent on keeping the gold Democrats trotting close to the tail board of the party wagon.

MR. BRYAN announces that he will spend the next month or two preparing his lecture. Thank heaven, he is going to be quiet for a few weeks.

GENERAL WEYLER must show more consideration where Americans are concerned, or he will find that General Miles is even a greater man than General Maceo.

THE NEWS REVIEW has no desire to criticize Commissioner Finley, but it does hope some arrangement can soon be made whereby the paved streets can be kept clean.

THE manufacturing concerns not already doing more business than before the election are preparing for the good times next season. That little angel, confidence, seems to be working overtime.

A SIGNIFICANT sign can be found in the number of sound money clubs, made up of railroad men, that have formed permanent organizations. They have come to stay as long as the silver men have a shadow of fighting spirit left.

THE men who frame the new tariff measure should learn a lesson from the past, and substitute specific for ad valorem duties. The ad valorem plan places too much temptation in the way of men who have made a reputation in cheating the government.

THE American people will learn with every manifestation of delight that Mr. Cleveland will soon resume the practice of law with the determination to stick to it. If he had decided on this course in the spring of 1887 this country would have been saved a good many millions of dollars.

THE American manufacturer and workmen know well that every day of delay in passing a protective tariff means more advantage for the importer. He will gather every dollar he can control and fill his warehouses with every crate of foreign ware he can buy, holding the advantage over his American competitor to the last.

NOTHING could be more amusing than the attempt of a few local sheets to prove the NEWS REVIEW not a paper of general circulation. It must be acknowledged, however, that this paper has no desire to be classed as such, if it must bear the honor in company with the Tribune, Zeitung, Crisis, and a few others of kindred reputation.

THE DANFORD TARIFF.

When the next tariff bill is framed and the committee is preparing for protection as well as revenue, it is not at all probable that the shepherd and his flock will be forgotten, but the question is so large and has so many sides that the committee can, without knowing it, make errors of the gravest character and inflict serious damage upon an industry which deserves better things. In order to avoid the possibility of mistakes and to repair the damage already done, it would be an excellent plan to embody in the tariff measure the idea of Mr. Danford. That gentleman framed a bill for the protection of the sheep raisers. It was not modeled with any desire to increase the revenue of the government, but rather to return to the hills the lambs driven out by the Wilson monstrosity. It reaches far enough into the question to satisfy those farmers whose principal source of revenue was from their flocks, and provides against that fraud so easily practiced by the importer of wool and woolen goods. If the Danford bill is placed bodily in the new measure it will not only prevent unnecessary tinkering, but will give what Columbiana and the other sheep raising counties have so long needed.

THREE STATES STRUCK

Tunica, Miss., Suffers Destruction of Property.

DID GREAT DAMAGE IN TEXAS.

A Strip Devastated One Mile Wide and Eight Miles in Length Near Waco. Western Kentucky Also Swept—People Killed and Injured.

TUNICA, Miss., Nov. 28.—A cyclone has passed through the northeast corner of this town traveling in the northeasterly direction. One end of a boxcar on a switch was blown off. A negro church was destroyed and an old mill shed blown down, crippling a teamster and three horses.

Three houses on R. C. Irwin's place were blown down and one on the Fulmer place. Sarah Clay, colored, was killed, and Sam Clay seriously injured. Their three children were seriously wounded. The woods near here are strewn with household plunder and bedding.

The southbound passenger train stopped one mile north of here, taking on a woman and child, victims of the disaster.

WACO, Tex., Nov. 28.—The cyclone that raged 20 miles from here devastated a strip one mile wide and eight miles in length. A number of farmhouses were demolished in the vicinity of Mart, McLennon county, and information comes from Reisel, six miles from Mart, that the residence of Buck Douglass was totally destroyed his wife severely hurt and one of his children was killed outright. Five persons were more or less injured as far as heard from. The temperature ranged nearly at summer heat prior to the storm. In passing over the prairie the cyclone took away everything it touched, leaving a bare bar of grass.

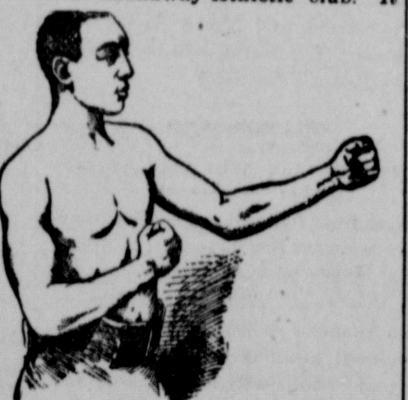

PADUCAH, Ky., Nov. 28.—A severe storm has swept over Western Kentucky. Wires are down and all roads are choked by fallen trees. One house was destroyed at Fulton and considerable damage was done there. Along the line of the Illinois Central, in Southern Illinois, some damage is reported.

A man and child are missing at Kuttawa, in this state. It is believed that they were blown into the Cumberland river and drowned. The railway station at Eddyville was wrecked. A factory was blown down there and the courthouse was partly unroofed.

DIXON NO MORE CHAMPION.

Frank Erne Won the Decision in 20 Rounds in New York.

NEW YORK, Nov. 28.—Frank Erne of Buffalo has won the title of feather-weight champion of the world by being awarded the decision in a 20-round contest with George Dixon, the clever colored boy who has for so long held undisputed claim to that pugilistic honor, before the Broadway Athletic club. It

was a hot fight from start to finish. The most important rounds were the nine, tenth and twentieth, as follows:

Nineteenth round.—They opened with a clinch. Dixon swung right round neck. Erne swung right on body. Dixon rushed in two lefts on face. Both jabbed lefts on face. Dixon jabbed his right on Erne's arm. He then jabbed left on face and Erne swung left on neck. Erne swung left on chest and Dixon put left on body.

Twentieth round.—Erne led a straight right on body. Dixon landed left on neck. They exchanged left body blows. Erne put a straight left on face. They both jabbed lefts on neck. Erne landed left on neck. Erne put another left on neck. Dixon rushed and landed left on body. Both slugged with rights on body and head to a clinch.

There were loud cries for a draw when the fight was over, but the referee decided in favor of the Buffalo boy. There was plenty of cheering and very little hissing when the referee's decision was announced. Erne rushed over and shook hands with Dixon, and he was congratulated heartily by a number of those who witnessed the mill.

A Note of Warning.

A number of the remedies commonly used for throat trouble have but little merit. The indiscriminate and careless use of some of them is attended with positive danger.

As a prominent example, Chlorate of Potash probably does a great deal more harm than good. Many people, when suffering from sore throat and like troubles, carry crystals or tablets of Chlorate of Potash in their pockets, and eat them almost like candy. Chlorate of Potash has a decided direct action on the kidneys and its unwise use in frequent and large doses irritates these organs and leads to really serious results, especially so in children.

Some may think this is sounding a false and needless alarm but as a single proof we wish to state that we have before us the November, 1894, copy of the *Indiana Medical Journal*, wherein are reported two deaths clearly due directly to this habit of using Chlorate of Potash with no regard to its powerful properties. In the past there have been some excuse for people trifling with dangerous and powerful drugs in the home treatment of Sore Throat, Sore Mouth, Croup and Quinsy, as there was a lack of a valuable cure for these diseases. A remedy has recently been placed on sale specially for this class of troubles and it is meeting with a well-merited success, as every prudent mother wants such a remedy at hand. Its name is Tonsiline. It never fails. Your dealer has it in 25 and 50 cent bottles.

STEEL PLANT FOR JAPAN.

A Party Touring the United States to Buy Machinery.

CLEVELAND, Nov. 28.—A party of five Japanese gentlemen, who have been detailed by the government at Tokyo to make a tour of this country and Europe in order to secure ideas to be utilized in the construction of an immense steel plant in Japan, have arrived in this city.

The plan of the Japanese government is to purchase \$2,000,000 worth of machinery for the new factory, but to order none of it until the tour of inspection has been completed. Steel rails will be made the principal product of the new factory.

The party is headed by Machitaro Oshima, technical director of the Imperial steelworks of Japan.

The other members of the party are Gisho Yasunaga, mechanical engineer of the Imperial steelworks, Japan; F. Ohana, engineer of the Imperial steelworks, Japan; J. Takakama, chief chemist of the Imperial steelworks, chief of the imperial geological survey and chief engineer of the department of patterns, Japan; K. Komura of the Kamai-sha ironworks, Rikuchiu, Japan.

WAR ON RAILROAD RATES.

Andrew Carnegie Will Cut Ore Rates on His New Road.

CLEVELAND, Nov. 28.—Railroads connecting Lake Erie with iron, steel and coal producing districts, will be required to reduce the carrying charges on these commodities.

Andrew Carnegie has asserted over his signature that the railroad from Conneaut to Pittsburgh, in which he is interested, expects to make its investment pay on a basis of 3 mills per ton a mile, which means that he believes iron ore can be transported to the furnaces for about 45 cents per ton. The present charge is \$1.05.

Thieves Hauled Their Booty Away.

UNRICHESVILLE, O., Nov. 28.—The Baltimore Clothing house has been robbed. The thieves effected an entrance by jimmying the back window shutter open and removing the lower sash. Manager Smith says several hundred dollars' worth of goods are missing. Every department of the store was looted. Telescope valves were taken from the store and filled with plunder. Tracks of a wagon in the back alley of the building evince suspicions that the thieves came prepared to take away a big haul.

Starts Up on Co-Operative Plan.

JACKSON, O., Nov. 28.—Indications point to an early settlement of the difficulties which brought on the present coal strike in this district. All the employees of the Gosline & Barbour Coal company have gone to work under the co-operative plan. This is the second time this company has worked co-operation with its employees, it having tried the system several years ago, but met with such a great opposition from the other big operators that the plan was dropped.

Fatal End of a Feud.

BELLAIRE, O., Nov. 28.—An altercation occurred at Bellville, O., on the Bellaire, Zanesville and Cincinnati railroad, west of here, between Constable Ross Miller and James Johnson, and the latter died from a gunshot that he received at the hands of Miller. The cause of the trouble was an old grudge.

Well Armed For the War.

KENTON, O., Nov. 28.—Dan Dugan, son of Patrick Dugan of the Dugan House, has started for Cuba to enlist in the insurgent cause. In parting with his parents, his father, in addition to the customary blessing, gave him \$40 and a bottle of whisky.

Miners Refused the Rate.

MALVERN, O., Nov. 28.—At Sherodsville, this county, the coal mines have been closed. The miners, to the number of 350, refused to accept the 45-cent rate. They have up to the present been receiving 61 cents.

DRUNKEN MINERS RIOT.

Three Men Fatally Shot and Others Injured at Duryea, Pa.

PITTSBURGH, Pa., Nov. 28.—Three men were fatally shot and several others more or less seriously wounded in a drunken miners' riot at Duryea, between Americans and foreigners. The dead are:

James Motali, shot in abdomen, died almost instantly.

Frank Lambert, shot in breast three times, died later.

John Betts, shot in the leg and cannot recover.

The injured are: John Toy, shot in thigh; William Mockines, shot in side; two Poles, names unknown, wounds slight.

General Lee Will Return to Havana.

WASHINGTON, Nov. 28.—Officials of the state department attach no importance to the rumors that Consul General Lee will not return to his post at Havana because he is said to be unacceptable to the Spanish authorities there. There is no present change in General Lee's purpose to return to his post at an early day.

Will Die For Killing His Family.

AUSTIN, Nov. 28.—The jury in the Burt murder trial found him guilty of murder in the first degree and fixing the punishment at death. Burt murdered his wife and two children and threw their bodies in a cistern. He then went to Chicago, where he was arrested.

The Oregon a Great Ship.

SAN FRANCISCO, Nov. 28.—The battleship Oregon has returned from a short cruise undertaken to give a board of inspection an opportunity of looking her well over. It was given out unofficially that the trial had been a great success.

Criticized the Battleship Texas.

WASHINGTON, Nov. 28.—The navy department has received the report of the court of inquiry which investigated the condition of the battleship Texas. It is understood to be a severe criticism of the ship.

Forman Takes the Oath of Office.

WASHINGTON, Nov. 28.—Mr. W. S. Forman of Illinois, the newly appointed commissioner of internal revenue, has taken the oath of office and entered on the discharge of his duties.

ROUGH WEATHER IN THE WEST.

Blizzard Still Blows in Dakotas, Minnesota, Nebraska and Kansas.

ST. PAUL, Nov. 28.—The wires continue to bring reports of the great blizzard which has been raging in the Dakotas, Minnesota, Nebraska and Kansas. The storm is the worst known for many years.

Fargo, N. D., reports Great Northern trains abandoned. A Northern Pacific train is stuck near Valley City.

Reports from central Kansas say that there is fear of stock suffering, but wheat is fine. It is getting cold throughout the state.

Denver reports the coldest day ever known in November since 1871, with the exceptions of 1877, 1880 and 1887, 9.2 below zero at 6 a. m.

A Langdon, N. D., dispatch says the snow is piled in drifts as high as the houses. All trains and traffic of every description is abandoned. There are rumors of loss of life, but nothing definite is yet known. The temperature is at zero at Williston.

At Dubuque, Ia., the temperature fell 47 degrees in 24 hours, registering 8 above.

Telegraph advices from many points in Nebraska and South Dakota report a heavy snow and sleet storm, accompanied by a high wind. In some places the loss to livestock will be heavy. About 100,000 sheep, besides many hogs and cattle are being fattened in Buffalo county, Neb. Winter wheat is in excellent shape.

At Chamberlain, S. D., the thermometer was below zero and a blizzard was raging.

FORAKER VISITS CANTON.

He Says There Is Nothing in the Reported Senatorial Deal.

CANTON, O., Nov. 28.—Senator-elect Foraker came to Canton this morning to visit Major McKinley, but not on political matters, he said.

He had a conference with Mr. Hanna at Cleveland, but denied it was political. He did not know whether Senator Sherman would take the state portfolio, and did not think he had been asked.

"Is not Governor Bushnell a candidate for senatorial honors?" was asked. "I don't think he has said anything to indicate that. Governor Bushnell is a candidate for renomination as governor of Ohio."

"In case Senator Sherman should go into the cabinet, do you think Mr. Hanna would be a strong senatorial candidate?"

"Mr. Hanna is a very strong man, but I don't think there is anything in these stories."

"Would Mr. Hanna have support for the senate?"

"That is hardly a proper question to ask. It is scarcely too early for me to talk about that. Politics is kleidoscopic you know, and changes are continual and sometimes unexpected. We think much of this talk is largely for the purpose of showing trouble and factional strife in the Republican ranks, whereas, as a matter of fact, the Republican party in Ohio was never more united and harmonious than now. There are no differences or trouble between Mr. McKinley, Mr. Hanna Senator Sherman and me."

He does not favor the Dingley bill.

KENTUCKY VOTE CANNVASED.

McKinley 12, Bryan 1, the Result—Democrats Will Contest.

FRANKFORT, Nov. 28.—The state canvassing board, consisting of state auditor, secretary of state and auditor general, has canvassed the returns of the recent election. The canvassing board has already footed returns and read them with explanations of their action in cases where the returns were technically irregular. In every case they had waived unimportant technicalities and counted returns as made. The Democrats received greater benefits than Republicans from this course.

The official footing gives Kash, the leading Republican elector, 218,171 votes, and Smith, the leading Democratic elector, 217,890 votes. McKinley's official plurality in the state is 281. Smith, who headed the Bryan electoral ticket, defeats Wedding and Howes, the two lowest McKinley electors, who are tied. The electoral college will decide which of these electors shall vote. The count gives McKinley Kentucky by 281 plurality and 12 out of 13 electors. The canvass of congressional returns made no changes. Under the state law 30 days after the canvass is given in which to file notice of contest.

Suter, representing the Silver Democrats, stated to your representative that eleven contests of seats of Republican electors were prepared and would be filed by Monday.

SILVER SENATORS DETERMINED.

Senator Dubois Says They Will Use Their Balance of Power.

SALT LAKE CITY, Nov. 28.—Senator Dubois of Idaho says that he has no idea that there will be any attempt to pass the Dingley bill at this session of congress; that it is a piece of legislation that failed at the last session and ought to fail at any session. When asked about the policy of the silver senators in the next congress he said: "They will hold the balance of power in the senate, and will no doubt continue their aggressive fight for silver, making all issues subordinate to that. No matter what kind of a tariff we have there can be no prosperity except for the few under the gold standard. One more trial of the Republicans will convince the people of this, in my judgment, and the silver advocates will win the congress in '98 and the presidency in 1900."

DENVER OFFICIAL DISMISSED.

The Civil Service Commission Thought Him Too Active in Politics.

WASHINGTON, Nov. 28.—The secretary of the treasury has dismissed William R. Morley, engineer of the public building at Denver, for collecting political assessments from government employees in violation of the civil service law. His case has been under investigation by the civil service commission.

McKinley Congratulated From Germany.

CANTON, O., Nov. 28.—Mother McKinley's grandchildren, Mr. and Mrs. McSe of California and other relatives have partaken of an informal dinner at the McKinley home. Major McKinley received a cablegram from Ambassador Uhl, saying: "Three hundred Americans at a Thanksgiving dinner in Berlin send patriotic greetings to the President elect."

CAN'T FIGHT IN BROOKLYN.

Authorities Opposed to a Corbett-Fitzsimmons Mill.

NEW YORK, Nov. 28.—Warren Lewis of the Greater New York Athletic club visited the office of District Attorney Backus in Brooklyn for the purpose of ascertaining if his club would be given a permit for the proposed Corbett-Fitzsimmons bout. Mr. Backus declined to decide the question today, but promised to give Mr. Lewis another hearing today. As forecasting the probable decision of the law department of Brooklyn an official of that city, who is credited with possessing accurate knowledge of the facts, is quoted as having said:

"The authorities of the City of Churches will not permit, under the Horton law or under any other law, the commission of an act that the authorities of Texas, Florida, California, Missouri and even New Mexico prohibit. There is no presentation of the case which can make a meeting between Corbett and Fitzsimmons anything but a prizefight. That makes the situation plain to the most inexperienced individual."

Prince Yturbe Stands Expelled.

WASHINGTON, Nov. 28.—Judge Bradley of the District supreme court has refused to grant Prince Yturbe of Mexico a mandamus to compel the Metropolitan club of this city to reinstate him in membership.

Spark Arresters.

The system of spark arrester, according to a recent writer in Engineering, which is found most efficient in locomotives is, for coal burners, the device known as the extended smoke box with straight smokestack, netting, deflecting plate and spark arrester. While no spark arresting arrangement is absolutely efficient, the degree of serviceableness of any such mechanism depends, it is urged, upon the care with which it is maintained in good condition. Fine sparks will be found to escape from such devices even when in the best condition and coarse sparks necessarily get egress when anything is in a defective state, and while the fine sparks are not of a dangerous character, the coarse sparks are. Emphasis is laid especially upon the care which should be bestowed upon a locomotive to prevent any portion of the netting wearing into holes by keeping the front end cleaned out.

A Modern Malaprop.

Mrs. Shadmind—What a wonderful singer that new soprano is! Of course, you heard her at the concert last evening.

Mrs. Franklaign—No; unfortunately I was not able to attend.

Mrs. Shadmind—Indeed! You have no idea of what you missed. Why, she just electrified the audience.—Boston Courier.

Not What She Expected.

"Four years more, Mrs. Crossly, and you will have your wooden wedding," said her friend, who was calling.

"I'm beginning to think I had it a year ago, my dear."

FREE BUTTONS!

AN ELEGANT BUTTON FREE with each package of

5 o'clock of the day on which they are to be
run. A perusal of our columns will show the
most effective advertising put up in this sec-
tion. Next ads take time. The earlier your
copy, the more attractive your advertisement
copy at or before 9 O'CLOCK.

EAST LIVERPOOL, O., SATURDAY, NOV. 28.

The silver men seem bent on keeping
the gold Democrats trotting close to the
tail board of the party wagon.

MR. BRYAN announces that he will
spend the next month or two preparing his
lecture. Thank heaven, he is going to
be quiet for a few weeks.

GENERAL WEYLER must show more
consideration where Americans are
concerned, or he will find that General
Miles is even a greater man than Gen-
eral Macao.

THE NEWS REVIEW has no desire to
criticize Commissioner Finley, but it
does hope some arrangement can soon
be made whereby the paved streets can
be kept clean.

The manufacturing concerns not
already doing more business than be-
fore the election are preparing for the
good times next season. That little
angel, confidence, seems to be working
overtime.

A significant sign can be found in
the number of sound money clubs,
made up of railroad men, that have
formed permanent organizations. They
have come to stay as long as the silver
men have a shadow of fighting spirit
left.

The men who frame the new tariff
measure should learn a lesson from the
past, and substitute specific for ad val-
orem duties. The ad valorem plan
places too much temptation in the way
of men who have made a reputation in
cheating the government.

The American people will learn with
every manifestation of delight that Mr.
Cleveland will soon resume the practice
of law with the determination to stick
to it. If he had decided on this course
in the spring of 1887 this country would
have been saved a good many millions
of dollars.

The American manufacturer and
workmen know well that every day of
delay in passing a protective tariff
means more advantage for the importer.
He will gather every dollar he can con-
trol and fill his warehouses with
every crate of foreign ware he can buy,
holding the advantage over his American
competitor to the last.

Nothing could be more amusing than
the attempt of a few local sheets to
prove the NEWS REVIEW not a paper of
general circulation. It must be ac-
knowledgeed, however, that this paper has
no desire to be classed as such, if it must
bear the honor in company with the
Tribune, Zeitung, Crisis, and a few
others of kindred reputation.

THE DANFORD TARIFF.

When the next tariff bill is framed
and the committee is preparing for pro-
tection as well as revenue, it is not at all
probable that the shepherd and his
flock will be forgotten, but the question
is so large and has so many sides that
the committee can, without knowing it,
make errors of the gravest character and
inflict serious damage upon an industry
which deserves better things. In order to
avoid the possibility of mistakes and to
repair the damage already done, it would
be an excellent plan to embody in the
tariff measure the idea of Mr. Danford.
That gentleman framed a bill for the
protection of the sheep raisers. It was
not modeled with any desire to in-
crease the revenue of the government, but
rather to return to the hills the lambs
driven out by the Wilson monstrosity.
It reaches far enough into the question
to satisfy those farmers whose principal
source of revenue was from their flocks,
and provides against that fraud so easily
practiced by the importer of wool and
woolen goods. If the Danford bill is
placed bodily in the new measure it will
not only prevent unnecessary tinkering,
but will give what Columbiana and the
other sheep raising counties have so long
needed.

THREE STATES STRUCK

Tunica, Miss., Suffers Destruction
of Property.

DID GREAT DAMAGE IN TEXAS.

A Strip Devastated One Mile Wide and
Eight Miles in Length Near Waco.
Western Kentucky Also Swept—People
Killed and Injured.

TUNICA, Miss., Nov. 28.—A cyclone
has passed through the northeast corner
of this town traveling in a northeasterly
direction. One end of a boxcar on a
switch was blown off. A negro church
was destroyed and an old mill shed
blown down, crippling a teamster and
three horses.

Three houses on R. C. Irwin's place
were blown down and one on the Fulmer
place. Sarah Clay, colored, was
killed, and Sam Clay seriously injured.
Their three children were seriously
wounded. The woods near here are
strewn with household plunder and bed-
ding.

The southbound passenger train stopped
one mile north of here, taking on a
woman and child, victims of the disaster.

WACO, Tex., Nov. 28.—The cyclone
that raged 20 miles from here devastated
a strip one mile wide and eight
miles in length. A number of farm-
houses were demolished in the vicinity
of Mart, McLennon county, and in-
formation comes from Reisel, six miles
from Mart, that the residence of Buck
Douglass was totally destroyed his wife
severely hurt and one of his children
was killed outright. Five persons were
more or less injured as far as heard
from. The temperature ranged nearly
at summer heat prior to the storm. In
passing over the prairie the cyclone
took away everything it touched, leaving
earth bare of grass.

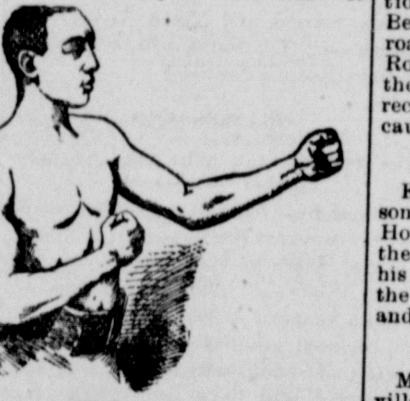

PAIDCAH, Ky., Nov. 28.—A severe
storm has swept over Western Ken-
tucky. Wires are down and all roads
are choked by fallen trees. One house
was destroyed at Fulton and considerable
damage was done there. Along the
line of the Illinois Central, in Southern
Illinois, some damage is reported.

A man and child are missing at Kut-
tawa, in this state. It is believed that
they were blown into the Cumberland
river and drowned. The railway sta-
tion at Eddyville was wrecked. A factory
was blown down there and the
courthouse was partly unroofed.

DIXON NO MORE CHAMPION.

Frank Erne Won the Decision in 20
Rounds in New York.

NEW YORK, Nov. 28.—Frank Erne of
Buffalo has won the title of feather-
weight champion of the world by being
awarded the decision in a 20-round con-
test with George Dixon, the clever col-
ored boy who has for so long held un-
disputed claim to that pugilistic honor
before the Broadway Athletic club. It

was a hot fight from start to finish. The
most important rounds were the nine-
teenth and twentieth, as follows:

Nineteenth round.—They opened with a
clinch. Dixon swung right round neck,
Erne swung right on body. Dixon rushed
in two lefts on face. Both jabbed lefts on
face. Dixon jabbed right on Erne's
arm. He then jabbed left on face and
Erne swung left on neck. Erne swung
left on chest and Dixon put left on body.
Twentieth round.—Erne led a straight
right on body. Dixon landed left on neck.
They exchanged left body blows. Erne
put a straight left on face. They both
jabbed lefts on neck. Erne landed left on
neck. Erne put another left on neck.
Dixon rushed and landed left on body.
Both slugged with rights on body and
head to a clinch.

There were loud cries for a draw
when the fight was over, but the ref-
eree decided in favor of the Buffalo
boy. There was plenty of cheering and
very little hissing when the referee's
decision was announced. Erne rushed
over and shook hands with Dixon, and
he was congratulated heartily by a
number of those who witnessed the
mill.

A Note of Warning.

A number of the remedies commonly
used for throat trouble have but little
merit. The indiscriminate and careless
use of some of them is attended with pos-
itive danger.

As a prominent example, Chlorate of
Potash probably does a great deal more
harm than good. Many people, when
suffering from sore throat and like
troubles, carry crystals or tablets of
Chlorate of Potash in their pockets, and
eat them almost like candy. Chlorate of
Potash has a decided direct action on the
kidneys and its unwise use in frequent
and large doses irritates these organs and
leads to really serious results, especially
so in children.

Some may think this is sounding a false
and needless alarm but as a single proof
we wish to state that we have before us
the November, 1894, copy of the *Indiana
Medical Journal*, wherein are reported
two deaths clearly due directly to this
habit of using Chlorate of Potash with
no regard to its powerful properties.
In the past there may have been some
excuse for people trifling with dangerous
and powerful drugs in the home treat-
ment of Sore Throat, Sore Mouth, Croup
and Quinsy, as there was a lack of a valu-
able cure for these diseases. A remedy
has recently been placed on sale specially
for this class of troubles and it is meeting
with a well-merited success, as every
prudent mother wants such a remedy at
hand. Its name is Tonsiline. It never
fails. Your dealer has it in 25 and 50
cent bottles.

STEEL PLANT FOR JAPAN.

A Party Touring the United States to
Buy Machinery.

CLEVELAND, Nov. 28.—A party of
five Japanese gentlemen, who have been
detained by the government at Tokyo to
make a tour of this country and Europe
in order to secure ideas to be utilized in
the construction of an immense steel
plant in Japan, have arrived in this
city.

The plan of the Japanese government
is to purchase \$2,000,000 worth of ma-
chinery for the new factory, but to
order none of it until the tour of in-
spection has been completed. Steel
rails will be made the principal product
of the new factory.

The party is headed by Machitaro
Oshima, technical director of the Imperial
steelworks of Japan.

The other members of the party are
Gisho Yasunaga, mechanical engineer of
the Imperial steelworks, Japan; F.
Obana, engineer of the Imperial steel-
works, Japan; J. Tayakama, chief
chemist of the Imperial steelworks, chief
engineer of the geological survey and
chief engineer of the department of pa-
terns, Japan; K. Komura of the Kama-
sha ironworks, Rikuchiu, Japan.

WAR ON RAILROAD RATES.

Andrew Carnegie Will Cut Ore Rates on
His New Road.

CLEVELAND, Nov. 28.—Railroads con-
necting Lake Erie with iron, steel and
coal producing districts, will be re-
quired to reduce the carrying charges
on these commodities.

Andrew Carnegie has asserted over
his signature that the railroad from
Conneaut to Pittsburgh, in which he
is interested, expects to make its in-
vestment pay on a basis of 3 mills per
ton a mile, which means that he be-
lieves iron ore can be transported to the
furnaces for about 45 cents per ton.
The present charge is \$1.05.

Thieves Hauled Their Booty Away.

URICHESVILLE, O., Nov. 28.—The Bal-
timore Clothing house has been robbed.
The thieves effected an entrance by jim-
mying the back window shutter open
and removing the lower sash. Man-
ager Smith says several hundred dol-
lars' worth of goods are missing. Every
department of the store was looted.
Telescope values were taken from the
store and filled with the plunder. Tracks
of a wagon in the back alley of the
building evince suspicions that the
thieves came prepared to take away a
big haul.

Starts Up on Co-Operative Plan.

JACKSON, O., Nov. 28.—Indications
point to an early settlement of the dif-
ficulties which brought on the present
coal strike in this district. All the em-
ployees of the Gosline & Barbour Coal
company have gone to work under the
co-operative plan. This is the second
time this company has worked co-opera-
tion with its employees, it having tried
the system several years ago, but met
with such a great opposition from the
other big operators that the plan was
dropped.

Fatal End of a Feud.

BELLAIRE, O., Nov. 28.—An alterca-
tion occurred at Beallsville, O., on the
Bellaire, Zanesville and Cincinnati rail-
road, west of here, between Constable
Ross Miller and James Johnson, and
the latter died from a gunshot that he
received at the hands of Miller. The
cause of the trouble was an old grudge.

Well Armed For the War.

KENTON, O., Nov. 28.—Dan Dugan,
son of Patrick Dugan of the Dugan
House, has started for Cuba to enlist in
the insurgent cause. In parting with
his parents, his father, in addition to
the customary blessing, gave him \$40
and a bottle of whisky.

Miners Refused the Rate.

MALVERN, O., Nov. 28.—At Sherod-
ville this county, the coal mines have
been closed. The miners, to the num-
ber of 350, refused to accept the 45-cent
rate. They have up to the present been
receiving 61 cents.

DRUNKEN MINERS RIOT.

Three Men Fatally Shot and Others In-
jured at Duryea, Pa.

PITTSBURGH, Pa., Nov. 28.—Three men
were fatally shot and several others
more or less seriously wounded in a
drunken miners' riot at Duryea, be-
tween Americans and foreigners. The
dead are:

James Motzli, shot in abdomen, died
almost instantly.

Frank Lambert, shot in breast three
times, died later.

John Betts, shot in the leg and can-
not recover.

The injured are: John Toy, shot in
thigh; William Mockines, shot in side;
two Poles, names unknown, wounds
slight.

General Lee Will Return to Havana.

WASHINGTON, Nov. 28.—Officials of
the state department attach no impor-
tance to the rumors that Consul General
Lee will not return to his post at Ha-
vana because he is said to be unaccept-
able to the Spanish authorities here.
There is no present change in General
Lee's purpose to return to his post at an
early day.

Will Die For Killing His Family.

AUSTIN, Nov. 28.—The jury in
the Burt murder trial found him guilty
of murder in the first degree and fixing
the punishment at death. Burt murder-
ed his wife and two children and
threw their bodies in a cistern. He then
went to Chicago, where he was arrested.

The Oregon a Great Ship.

SAN FRANCISCO, Nov. 28.—The battle-
ship Oregon has returned from a short
cruise undertaken to give a board of in-
spection an opportunity of looking her
well over. It was given out unofficially
that the trial had been a great success.

Criticized the Battleship Texas.

WASHINGTON, Nov. 28.—The navy de-
partment has received the report of the
board of inquiry which investigated the
condition of the battleship Texas. It is
understood to be a severe criticism of
the ship.

Forman Takes the Oath of Office.

WASHINGTON, Nov. 28.—Mr. W. S.
Forman of Illinois, the newly appointed
commissioner of internal revenue, has
taken the oath of office and entered on
the discharge of his duties.

ROUGH WEATHER IN THE WEST.

Blizzard Still Blows in Dakotas, Minne-
sota, Nebraska and Kansas.

ST. PAUL, Nov. 28.—The wires con-
tinue to bring reports of the great bliz-
zard which has been raging in the Da-
kotas, Minnesota, Nebraska and Kan-
sas. The storm is the worst known for
many years.

Fargo, N. D., reports Great Northern
trains abandoned. A Northern Pacific
train is stuck near Valley City.

Reports from central Kansas say that
there is fear of stock suffering, but
that wheat is fine. It is getting cold through-
out the state.

Denver reports the coldest day ever
known in November since 1871, with
the exceptions of 1877, 1880 and 1887,
9.2 below zero at 6 a. m.

A Langdon, N. D., dispatch says the
snow is piled in drifts as high as the
houses. All trains and traffic of every
description is abandoned. There are
rumors of loss of life, but nothing defi-
nite is yet known. The temperature is
at zero at Williston.

At Dubuque, Ia., the temperature fell
47 degrees in 24 hours, registering 8
above.

Telegraph advices from many points
in Nebraska and South Dakota report a
heavy snow and sleet storm, accompa-
nied by a high wind. In some places the
loss to livestock will be heavy. About
100,000 sheep, besides many hogs and
cattle are being fattened in Buffalo
county, Neb. Winter wheat is in ex-
cellent shape.

At Chamberlain, S. D., the ther-
mometer was below zero and a blizzard
was raging.

FORAKER VISITS CANTON.

He Says There Is Nothing in the Re-
ported Senatorial Deal.

CANTON, O., Nov. 28.—Senator-elect
Foraker came to Canton this morning to
visit Major McKinley, but not on po-
litical matters, he said.

He had a conference with Mr. Hanna
at Cleveland, but denied it was political.
He did not know whether Senator Sher-
man would take the state portfolio, and
did not think he had been asked.

"Is not Governor Bushnell a candi-
date for senatorial honors?" was asked.
"I don't think he has said anything
to indicate that. Governor Bushnell is
a candidate for renomination as gov-
ernor of Ohio."

"In case Senator Sherman should go
into the cabinet, do you think Mr.
Hanna would be a strong senatorial
candidate?"

"Mr. Hanna is a very strong man, but
I don't think there is anything in these
stories."

"That is hardly a proper question to
ask. It is scarcely too early for me to
talk about that. Politics is kleidoscopic
you know, and changes are continual
and sometimes unexpected. We think
much of this talk is largely for the pur-
pose of showing trouble and factional
strife in the Republican ranks, whereas,
as a matter of fact, the Republican
party in Ohio was never more united
and harmonious than now. There are
no differences or trouble between Mr.
McKinley, Mr. Hanna Senator Sher-
man and me."

He does not favor the Dingley bill.

KENTUCKY VOTE CANVASSED.

McKinley 12, Bryan 1, the Result—Dem-
ocrats Will Contest.

FRANKFORT, Nov. 28.—The state can-
vassing board, consisting of state au-
ditor, secretary of state and auditor gen-
eral, has canvassed the returns of the
recent election. The canvassing board
has already footed returns and read
them with explanations of their action
in cases where the returns were tech-
nically irregular. In every case they
had waived unimportant technicalities
and counted returns as made. The
Democrats received greater benefits than
Republicans from this course.

The official footing gives Kash, the
leading Republican elector, 218,171
votes, and Smith, the leading Demo-
cratic elector, 217,890 votes. McKin-
ley's official plurality in the state is 281.
Smith, who headed the Bryan electoral
ticket, defeats Wedding and Howes, the
two lowest McKinley electors, who are
tied. The electoral college will decide
which of these electors shall vote. The
count gives McKinley Kentucky by 281
plurality and 12 out of 13 electors. The
canvass of congressional returns made
no changes. Under the state law 30
days after the canvass is given in which
to file notice of contest.

Suter, representing the Silver Demo-
crats, stated to your representative that
eleven contests of seats of Republican
electors were prepared and would be
filed by Monday.

SILVER SENATORS DETERMINED.

Senator Dubois Says They Will Use Their
Balance of Power.

SALT LAKE CITY, Nov. 28.—Senator
Dubois of Idaho says that he has no
idea that there will be any attempt to
pass the Dingley bill at this session of
congress; that it is a piece of legisla-
tion that failed at the last session and ought
to fail at any session. When asked
about the policy of the silver senators
in the next congress he said:

"They will hold the balance of power
in the senate, and will no doubt con-
tinue their aggressive fight for silver,
making all issues subordinate to that.
No matter what kind of a tariff we have
there can be no prosperity except for
the few under the gold standard. One
more trial of the Republicans will con-
vince the people of this, in my judg-
ment, and the silver advocates will win
the congress in '98 and the presidency
in 1900."

DENVER OFFICIAL DISMISSED.

The Civil Service Commission Thought
Him Too Active in Politics.

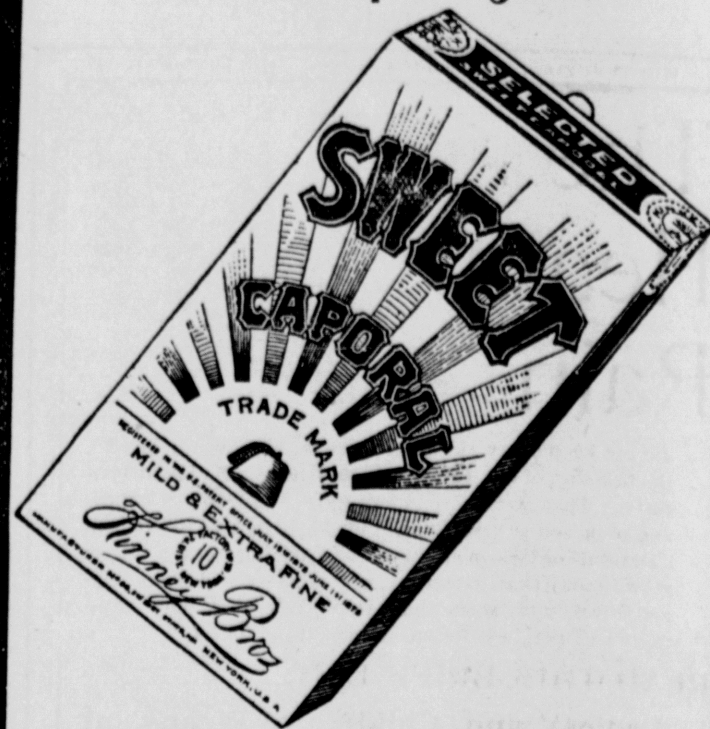

WASHINGTON, Nov. 28.—The secretary
of the treasury has dismissed William
R. Morley, engineer of the public build-
ing at Denver, for collecting political as-
sessments from government employes
in violation of the civil service law. His
case has been under investigation by
the civil service commission.

McKinley Congratulated From Germany.

CANTON, O., Nov. 28.—Mother Mc-
Kinley's grandchildren, Mr. and Mrs.
McKee of California and other relatives
have partaken of an informal dinner at
the McKinley home. Major McKinley
received a cablegram from Ambassador
Uhl, saying: "Three hundred Amer-
icans at a Thanksgiving dinner in Ber-
lin send patriotic greetings to the Pres-
ident elect."

SPAIN WOULD FIGHT,

If We Recognized the Cubans,
So Weyler Intimates.

HE IS NOT AFRAID OF M'KINLEY.

He Denies That Spain Has Played the
Tyrant With Cuba—Claims to Be Well
Satisfied With His Present Campaign.
Goes to the Front Again.

HAVANA, Nov. 28.—Captain General Weyler has left Havana on the Spanish cruiser La Gao, for Mariel, province of Pinar Del Rio, where he will resume personal command of the Spanish forces operating against the insurgents. Before leaving he was interviewed by your correspondent. He expressed himself as entirely satisfied with the campaign in Pinar Del Rio. He then said:

"I went over all the northern hills and occupied the insurgent positions without any serious resistance on the part of the enemy. Cacajara and Rubi, which the insurgents claimed were impregnable, were occupied by our troops after dislodging the enemy. At Rubi he offered the greater resistance, but yielded after a few hours' fighting. We found no trace of Maceo's people after that, although all the other points were reconnoitered by small detachments from our columns. The southern points were also reconnoitered, and the positions where the rebels had encamped are now in possession of our troops. There remains still to be reconnoitered the ranges of the hills in the eastern part of the province. Maceo has nothing left for him to do but to scatter his followers into small parties in order to enable them to escape our columns which are now hunting for them, since they offer no resistance and refuse to accept a meeting with our troops, who are chasing them in all directions. I am confident of soon pacifying Pinar Del Rio."

The rebellion in the other provinces he said he hoped to soon crush, as there were no hills like in Pinar Del Rio and there were no leaders like Maceo. The rebels under Gomez and Garcia were destroying and burning merely to attract the attention of the Spanish troops and not attention would be paid to them.

"Do you believe President McKinley will follow the policy of President Cleveland in regard to Cuba?" he was asked.

"McKinley represents public wealth and the producing elements of that country and I cannot believe that a man who represents the work, virtue and prosperity of his country can carry out a policy which would compromise the interests entrusted to his talents and discretion as a public man. Hence, I think that McKinley will be guided by a just and equitable policy, without passion and with prudence such as is counseled by the interests of the American people and the cordial relations long existing between Spain and the United States."

General Weyler denied that he would confiscate rebel property, for there was very little to confiscate and that was managed to friends of the Spanish cause.

He said he would not allow the sugar crop to be gathered before February or March, as the rebels would extort the money from the planters that they obtained for their crop to aid them to carry on the war. In this he had the support of the planters and the merchants from whom the planters borrowed money to handle their crops.

"It is reported that the Spanish minister for war intends to send another large contingent of troops to Cuba in January," said the correspondent.

"I don't know," replied General Weyler. "Only think, I can assure you, that the nation is prepared to make all kinds of sacrifices, both in money and men, as has already been proved, to conquer in this undertaking and make Spain's sovereignty respected before and above everything. All the money spent and to be spent will be Spanish money. Cuba has been asked for nothing, neither for men nor for money. Her pride in her great national historic traditions alone impels Spain, and she will defend Cuba and will exhaust her last dollar and her last man in so doing. This is not only the feeling of the government, but also of the Spanish people, as is shown by the daily growing enthusiasm and sacrifices by the nation."

"Do you think, general, that the recognition of the belligerence of the insurgents by the United States would be taken as an offense by Spain?"

"It would be strange if any act directly aimed at a recognition of any challenge of Spain's right to sovereignty here, which our people look upon as being beyond question, did not evoke an explosion of popular feeling which it would be impossible to check, excited and ardent as public sentiment is now on the Cuban question in Spain."

Finally the correspondent asked General Weyler if he would agree to a truce in order to bring about an exchange of views between himself and the Cuban leaders. He answered:

"That would be out of the question. Such a step would give the insurgents an importance which I cannot concede to them."

"The Cubans abroad complain strongly of Spanish tyranny, and attribute the revolution to the subjection of the Cubans by a despotic government under which they were not only debased from liberty, but also from public employment in their own country. Can you make a statement on this subject?"

"They must offer some excuse for the treason and destruction to which they have dedicated themselves since taking up arms. After the termination of the last war Cuba was conceded full liberty, with a rapidity of which few examples are shown among other people, the government inaugurated a regime granting ample Cuban representation, availing itself of the provisional laws until the members ratified them, establishing the right of the Cuban people upon an equality with the European Spaniards in the colonies. Almost simultaneously the present Spanish constitution was promulgated, recognizing the equality of white and black, Cuban and Spaniard, in this region. The provincial and

municipal laws are alike in the provinces of Spain. There is absolute freedom of the press, public meetings and association and public judicial procedure. In short, the Cubans have all the liberties that are enjoyed by the Spaniards in their native country.

"As to the social question, the patronage or patronship of slaves was decreed, which widened the scope of the abolition measures and reduced the time appointed for the gradual and total abolition of slavery."

"But," insisted the correspondent, "the Cubans complain that they are deprived of holding public office."

"This is another notoriously unjust assertion," said General Weyler. "The Cubans are left out not through Spain's tyranny (with emphasis), but because they do not seek to hold office. During slavery times all the wealthy people were not found among the bourgeoisie. But even from the earliest times there held the offices of controllers and sub-controllers of the revenue, like Pinillos and Ramirez, besides similar important posts since the treaty of San Juan was signed. It is a fact that 80 per cent of public employees are Cubans. Not only in Cuba, but in Spain do Cubans hold public office. For example, Calixto Garcia, who was three times sentenced to death and pardoned, held the office of auditor of the Bank of Castilla. His son is in the employ of the state in the Philippine islands. Many leaders of the former rebellion have held and still hold important posts in Cuba."

"No province in Spain has such a large proportion of state employees, and since the last war some of the most important places in the administration have been held by Cubans. The provincial governors and their secretaries, the attorneys, the magistrates, the rectors and professors of the university, the officials of the customs revenue and the heads of other public offices, the administrative counselors, the registers of property and, in fact, from the chief political secretary down to the humblest position it may be said that nearly all the posts are held by Cubans. In the tribunals Cubans are employed in the state and in the ministerial departments, to say nothing of those who acted as ambassadors to high powers and as under secretaries to the ministers. I assure you that there is over 1,000 Cuban officers in the Spanish army and that there are over 500 fighting in Cuba for Spain, ranking from general down to subalterns of all the regular forces."

"But," said the correspondent, "the Cubans assert that they are barred out through the high degree of qualification required."

"This is also 'inexact,' said the general. "Only the possession of \$5 per annum of taxable property is the requirement. Where the Cubans represent wealth they have the provincial offices, in Puerto Principe, Santa Clara and many other towns in the eastern department. Where, however, they are not wealthy, and could not count in with the majority, they were retained in the minority."

"But even at this, most of the municipal positions were in the hands of the Cubans, and the same was the case with the minor persons and the state officers."

Later your correspondent called upon the chief of staff here and informed him that a dispatch received in New York from Jacksonville, Fla., stated that General Weyler during the recent operations in Pinar Del Rio lost 700 men killed and 1,000 wounded by the explosion of an insurgent mine and that 2,000 men of the Spanish force were killed and 4,000 wounded during the two days' fighting in the Rubi hills. The chief of staff distinctly stated that there was no truth in the statements made.

CUBANS MOURN THEIR MARTYRS.
Services of an Elaborate Nature in West Tampa, Fla.

TAMPA, Fla., Nov. 28.—The Cubans of this city have held their annual mourning celebration to commemorate the execution of the eight military students who were the victims of a vicious Spanish mob in Havana on Nov. 27, 1871.

With few exceptions every Cuban residence has portraits of the unfortunate students decorating the walls. These were draped as were the fronts of many of the residences. The usual ceremonies of the day—a day observed among the Cubans more than Decoration day among the Americans—consisted of appropriate speeches by the leading Cuban patriots and songs and poems by Cuban senoritas in Céspedes hall in West Tampa, where several thousand Cubans had assembled. Each of the students was eulogized and their martyrdom was dwelt upon with pathos. The rising generation of Cubans were called upon ever to bear in mind the bravery of these young men.

SPANISH CONSULATE THREATENED.
Cubans of Key West Angry Over an Arrest in Havana.

KEY WEST, Nov. 28.—The Cubans of this place are greatly stirred up over the arrest in Havana of O. E. Pendleton. It is claimed that any harm done him in Havana will be reciprocated by an attack on the Spanish consulate at Key West.

Pendleton sent word by the steamer Aransas that he would telegraph concerning certain matters, but nothing has been heard from him. The people will await the arrival of the Olivette today before any action is taken.

HAVANA, Nov. 28.—O. E. Pendleton, a correspondent of a New York paper, has been arrested here while on the point of embarking for Key West on the steamer Aransas. It is believed that his detention is due to the fact that there was something wrong with his passports or other papers.

Big Arbitration Mass Meeting.
St. Louis, Nov. 28.—Prominent members of the Brotherhood of Railway Trainmen are arriving in St. Louis preparatory to what is intended to be a monster open mass meeting of railroad men at Druids hall, Sunday afternoon, in the interest of arbitration.

Astronomer Killed by a Fall.
CAMBRIDGE, Mass., Nov. 28.—Benjamin Anthony Gould, famous as a scholar and astronomer, is dead. While descending the stairs he accidentally fell and struck on his head.

Spanish Troops for the Philippines.
BARCELONA, Nov. 28.—Two battalions of troops and a quantity of war stores have been dispatched from here for the Philippine islands.

DUN'S TRADE REVIEW.

Reports Show Some Enlargement of Business.

MORE CONFIDENT FEELING NOTED.

Wheat Has Risen Over Six Cents For the Week—Woolen Mills Not Doing Much More Than Last Month—Iron Situation—Business Failures.

NEW YORK, Nov. 28.—R. G. Dun & Co.'s weekly Review of Trade, issued today, says: When the rush of orders after election slackened many began to think business dwindling. Subsidence of deferred orders is not decrease of business. Broadly speaking the gain has been greater than anybody expected, and it is not surprising if a small part of it is in excess of the present consuming demand. Reports from all parts of the country show clearly enlargement of trade, not at all points in the same branches, but everywhere helped by a more confident feeling. Extremes of weather have made the week not altogether good for retail trade, but in that line also there is improvement on the whole.

Wheat has risen over six cents for the week, without material change in foreign advices, which have been on the whole less stimulating. Western receipts are falling behind last year's. Corn has sympathized with wheat only a little, and is coming freely. The most important factor in the wheat market is that the visible supplies do not gain as much as has been expected.

Wool was and is still bought largely for speculation and earlier purchasers are unloading on the latter, but the mills are not yet doing much more than in October. A few more have been started, but there is scarcely more demand apparent for staple goods. In the woolen trade, the sales of wool have been for four weeks 37,814,100 pounds, of which 26,212,000 were domestic, against 24,296,050 last year, of which 13,381,750 were domestic, and 24,371,821 in 1893, of which 21,639,196 were domestic. But the producing capacity in operation does not seem to be half the capacity of the works, and the stoppage of several large carpet mills within the past ten days is of importance.

The collapse of the nail combination and probably of the beam combination, and considerable reduction in quotations for nails and b. ms, give reason to look for a larger demand for products of iron and steel, but at present the sales against speculative purchases made some time ago are depressing prices and Bessemer pig has sold at \$12.35 and according to some reports a little lower at Pittsburgh. The demand for such products as are not controlled by the combinations is somewhat increasing, but by no means as rapidly as expected.

Failures for the week have been 300 in the United States, against 279 last year, and 38 in Canada, against 47 last year.

NOT SUCCESSFUL AS BANDITS.
Four Robbers Fail to Hold Up a Street Car in Missouri.

KANSAS CITY, Nov. 28.—Four men led by Oscar Bridges, said to be a bridge and parachute jumper of more or less notoriety, made an unsuccessful attempt to hold up and rob an electric car filled with passengers, bound for Independence. Bridges was arrested after a desperate tussle with the motor-man and was brought here. The conductor threw another from the car. The other two men escaped, but their names are known, and it is believed they will also soon be lodged in jail. The gang are said to be the same that so boldly held up a westbound Chicago and Alton passenger train just outside of Independence a month ago.

The police have given out the men's names as Oscar Bridges, Eugene Ridgeway, Ernest Ridgeway and James Repine. All are under 22 years of age. The Ridgeway boys live at Sheffield, a small suburb near the scene of the hold-up. Eugene is a barber and Ernest is a professional high diver. Repine, who is 21 years old, comes of respectable parents and lives at Centropolis, a suburb of Kansas City.

THE PRESIDENT'S NEW HOME.
He Buys a Residence in the College Town, Princeton, N. J.

PRINCETON, N. J., Nov. 28.—Prof. Andrew West, in an interview concerning the rumor current that President Cleveland intends, at a future date, to make Princeton his home, authorized the following statement:

"President Cleveland has purchased the former residence of Mrs. Sidel, on Bayard avenue, this term of office, he will make Princeton his permanent home. Negotiations, which have been in progress for about three weeks, were closed by the purchase of the property named. Numerous reasons were advanced by the president as influencing him in making his choice of homes; Princeton's nearness to New York, its quiet and undisturbed home life."

The purchase price is said to be between \$30,000 and \$40,000.

Will Cut Miners' Wages.
DENVER, Nov. 28.—The Denver Times says that the Anaconda Mining company at Butte, Mont., has given notice to its men of a cut in wages, commencing Dec. 1, from \$3.50 to \$3 a day, and the other big mining companies say they will follow suit.

Keene Soon to Go to Rome.
CHICAGO, Nov. 28.—Bishop J. J. Keene, late of the Washington university, has passed through this city on his way to the east. He will, within a short time, sail for Rome, where he will become a member of the Roman propaganda.

The Weather.
Clearing, probably rain in the afternoon; decidedly colder, with a cold wave; freezing temperature for two days; brisk to high northwesterly winds.

Spanish Troops for the Philippines.
BARCELONA, Nov. 28.—Two battalions of troops and a quantity of war stores have been dispatched from here for the Philippine islands.

LOCAL BREVITIES.

The wiring at the pump house will be completed by Monday.

Mrs. James Finley is confined to her home with pneumonia.

Mr. and Mrs. John Sellers entertained friends at their home last evening.

Mrs. Anne Hauck paid her fine last evening, and was released from jail.

The Catholic Mutual Benevolent association will elect officers at their next meeting.

The household goods of E. Webster arrived here from Louisville, Ky., this morning.

Mrs. Myers, of Fifth street, pleasantly entertained a number of her lady friends yesterday afternoon.

The condition of Miss Rose Todd, who was attacked by hemorrhages a week ago, is very much improved.

Samuel Hayes, Sr., of Spring street, suffered two hemorrhages yesterday, but is somewhat better today.

Miss Stella McNutt left for Columbus last evening as delegate to the Epworth League convention.

A child of Mr. and Mrs. Dolliver Gilyson, East End, died Wednesday, and was interred in Calcutta cemetery.

Miss Isabelle McClain entertained the senior class of the high school at her home on Greeley street last evening. It was a happy gathering.

The Flabbergasteders were entertained this afternoon in a very pleasant manner by Miss Florence N. Cartwright at her home on Sixth street.

It is expected by this evening the seats of the Lutheran church will be placed in position, and everything put in readiness for dedication services tomorrow.

Mazie, the daughter of Samuel Steele, of Wucher addition, has been suffering for some time with tonsillitis. For a while it was believed she had diphtheria.

A meeting of the hospital association has been called for Monday afternoon in the parlors of the association. The business is urgent, and a full attendance is required.

The assault and battery case brought against William Williamson by Doctor Gardner will be tried in Lisbon Dec. 1. Today Deputy Creighton is serving the subpoenas.

Ill health has compelled Andrew Wilson to give up his position at the Union pottery. He will endeavor to secure an occupation that requires out door work.

William Sullivan, night watchman at the bridge, stumbled and fell in a flatboat, and severely bruised his hand. The injury renders him unable to attend to his duties.

Yesterday was a record breaker at the shipping platform of the freight depot. Twenty-three cars filled brim full with were sent out. Today probably 20 cars will be shipped.

The congregation of the Second M. E. church have presented their pastor, Reverend Salmon, with a number of useful articles, on Monday evening the quarterly conference will be held.

John Gunnigan, a former resident of this place, who has been living in Sampson, Mo., for the past two years, returned to this city this morning. He will remain here permanently.

A two story building to be used for cold storage purposes is being put up adjoining the ice plant, on the property of the company. Another addition is contemplated for the near future.

Dode Kaufman, who went to Findlay last week to take up a position in the pottery, became dissatisfied with the situation offered him, and he returned to this place yesterday. He will remain here.

The clerks and judges of seven precincts of the city have received their pay for conducting the school bond election. The remaining two precincts evidently are in no hurry to get their due, as they have not made application to Secretary Norris for their money.

The use of gas for kiln firing purposes will soon be a thing of the past with many of the potteries. Next week the Union pottery will discontinue its use, and the kilns will be altered so as to fire with coal. The management finds abundant flame but little heat.

The Kinney and Stevenson injunction cases, brought against the Ohio Valley Gas company, will be argued in court at Cumberland this afternoon. J. H. Brooks and A. W. Stevenson are representing the plaintiffs, and Judge Hervy, of Wellsburg, the defendants.

The Virginia and Lorena will be down this evening. There are no packets up today. The river is steadily rising, and a stage of water sufficient for coal is expected soon. A large number of casks of ware and barrels of apples lying at the wharf will be taken by the Lorena this evening. The cargo will be shipped to southern ports.

William Miller went to Pittsburgh this morning to have an eye that was successfully operated upon three weeks ago examined. The sight of the eye is gradually becoming stronger. William Pilgrim, Sr., who had a cataract taken from one eye six weeks ago, will return to the hospital next week to have the other eye, which is similarly affected, operated upon.

THE CROSSER-OGILVIE CO.

FUR DISPLAY.

Friday and Saturday of this week is the time; planned and arranged so that you can find just what you want for your friend for Christmas.

Nothing nicer for a lady friend than one of those stylish fur collarettes; nothing nicer for your mother or wife than a fur cape. All kinds will be here; the cheap ones and the good ones; all kinds of fur, from the cheap coney up to the finest Alaskan seal.

E. A. Sheets, with a full line of furs from the John Ruszitts Fur Co., of New York, will be at our store on the 27th and 28th. Come and see them.

SPECIAL CLOAK DAYS.

In connection with Mr. Sheets' fur display, we will make those two days great days in our cloak room. New cloaks will be on our tables at prices that will make you eager buyers. Extra sales people to give you particular attention, and no effort will be spared to make Friday and Saturday the two banner cloak days of the season. Remember the dates, Friday and Saturday, Nov. 27 and 28.

SPAIN WOULD FIGHT,

If We Recognized the Cubans,
So Weyler Intimates.

HE IS NOT AFRAID OF M'KINLEY.

He Denies That Spain Has Played the
Tyrant With Cuba—Claims to Be Well
Satisfied With His Present Campaign.
Goes to the Front Again.

HAVANA, Nov. 28.—Captain General Weyler has left Havana for the Spanish cruiser La Gao, for Mariel, province of Pinar Del Rio, where he will resume personal command of the Spanish forces operating against the insurgents. Before leaving he was interviewed by your correspondent. He expressed himself as entirely satisfied with the campaign in Pinar Del Rio. He then said:

"I went over all the northern hills and occupied the insurgent positions without any serious resistance on the part of the enemy. Cacajara and Rubi, which the insurgents claimed were impregnable, were occupied by our troops after dislodging the enemy. At Rubi he offered the greater resistance, but yielded after a few hours' fighting. We found no traces of Maceo's people after that, although all the other points were reconnoitered by small detachments from our columns. The southern points were also reconnoitered, and the positions where the rebels had encamped are now in possession of our troops. There remains still to be reconnoitered the ranges of the hills in the eastern part of the province. Maceo has nothing left for him to do but to scatter his followers into small parties in order to enable them to escape our columns which are now hunting for them, since they offer no resistance and refuse to accept a meeting with our troops. I am confident of soon pacifying Pinar Del Rio."

The rebellion in the other provinces he said he hoped to soon crush, as there were no hills like in Pinar Del Rio and there were no leaders like Maceo. The rebels under Gomez and Garcia were destroying and burning merely to attract the attention of the Spanish troops and not attention would be paid to them.

"Do you believe President McKinley will follow the policy of President Cleveland in regard to Cuba?" he was asked.

"McKinley represents public wealth and the producing elements of that country and I cannot believe that a man who represents the work, virtue and prosperity of his country can carry out a policy which would compromise the interests entrusted to his talents and discretion as a public man. Hence, I think that McKinley will be guided by a just and equitable policy, without passion and with prudence such as is counseled by the interests of the American people and the cordial relations long existing between Spain and the United States."

General Weyler denied that he would confiscate rebel property, for there was very little to confiscate and that was mortgaged to friends of the Spanish cause.

He said he would not allow the sugar crop to be gathered before February or March, as the rebels would extort the money from the planters that they obtained for their crop to aid them to carry on the war. In this he had the support of the planters and the merchants from whom the planters borrowed money to handle their crops.

It is reported that the Spanish minister for war intends to send another large contingent of troops to Cuba in January," said the correspondent.

"I don't know," replied General Weyler. "Only think I can assure you, that the nation is prepared to make all kinds of sacrifices, both in money and men, as has already been proved to conquer in this undertaking and make Spain's sovereignty respected before and above everything. All the money spent and to be spent will be Spanish money. Cuba has been asked for money, neither for men nor for money. Her pride in her great national historic traditions alone impels Spain, and she will defend Cuba and will exhaust her last dollar and her last man in so doing. This is not only the feeling of the government, but also of the Spanish people, as is shown by the daily growing enthusiasm and sacrifices by the nation."

"Do you think, general, that the recognition of the belligerence of the insurgents by the United States would be taken as an offense by Spain?"

"It would be strange if any act directly aimed at a recognition of any challenge of Spain's right to sovereignty being beyond question, did not evoke an explosion of popular feeling which it would be impossible to check, excited and ardent as public sentiment is now on the Cuban question in Spain."

Finally the correspondent asked General Weyler if he would agree to a truce in order to bring about an exchange of views between himself and the Cuban leaders. He answered:

"That would be out of the question. Such a step would give the insurgents an importance which I cannot concede to them."

"The Cubans abroad complain strongly of Spanish tyranny, and attribute the revolution to the subjection of the Cubans by a despotic government under which they were not only debarrd from liberty, but also from public employment in their own country. Can you make a statement on this subject?"

"They must offer some excuse for the treason and destruction to which they have dedicated themselves since taking up arms. After the termination of the last war Cuba was conceded full liberty, with a rapidity of which few examples are shown among other people, the government inaugurated a regime granting ample Cuban representation, availing itself of the provisional laws until the members ratified them, establishing the right of the Cuban people upon an equality with the European Spaniards in the colonies. Almost simultaneously the present Spanish constitution was promulgated, recognizing the equality of white and black, Cuban and Spaniard, in this region. The provincial and

DUN'S TRADE REVIEW.

Reports Show Some Enlargement of Business.

MORE CONFIDENT FEELING NOTED.

Wheat Has Risen Over Six Cents For
The Week—Woolen Mills Not Doing
Much More Than Last Month—Iron
Situation—Business Failures.

NEW YORK, Nov. 28.—R. G. Dun & Co.'s weekly Review of Trade, issued today, says: When the rush of orders after election slackened many began to think business dwindling. Subsidence of deferred orders is not decrease of business. Broadly speaking the gain has been greater than anybody expected, and it is not surprising if a small part of it is in excess of the present consuming demand. Reports from all parts of the country show clearly enlargement of trade, not at all points in the same branches, but everywhere helped by a more confident feeling. Extremes of weather have made the week not altogether good for retail trade, but in that line also there is improvement on the whole.

Wheat has risen over 6 cents for the week, without material change in foreign advices, which have been on the whole less stimulating. Western receipts are falling behind last year's. Corn has sympathized with wheat only a little, and is coming freely. The most important factor in the wheat market is that the visible supplies do not gain as much as has been expected.

Wool was and is still bought largely for speculation and earlier purchasers are unloading on the latter, but the mills are not yet doing much more than in October. A few more have been started, but there is scarcely more demand apparent for staple goods. Including speculative operations, the sales of wool have been for four weeks 37,814,000 pounds, of which 26,212,000 were domestic, against 34,296,000 last year, of which 18,381,700 were domestic, and 24,371,821 in 1893, of which 21,639,196 were domestic. But the producing capacity in operation does not seem to be half the capacity of the works, and the stoppage of several large carpet mills within the past ten days is of importance.

The collapse of the nail combination and probably of the beam combination, and considerable reduction in quotations for nails and b. uns, give reason to look for a larger demand for products of iron and steel, but at present the sales against speculative purchases made some time ago are depressing prices and Bessemer pig has sold at \$12.25 and according to some reports a little lower at Pittsburgh. The demand for such products as are not controlled by the combinations is somewhat increasing, but by no means as rapidly as expected.

Failures for the week have been 300 in the United States, against 279 last year, and 38 in Canada, against 47 last year.

NOT SUCCESSFUL AS BANDITS.

Four Robbers Fail to Hold Up a Street
Car in Missouri.

KANSAS CITY, Nov. 28.—Four men led by Oscar Bridges, said to be a bridge and parachute jumper of more or less notoriety, made an unsuccessful attempt to hold up and rob an electric car filled with passengers, bound for Independence. Bridges was arrested after a desperate tussle with the motor-man and was brought here. The conductor threw another from the car. Rubber Stamps.

Exclusive agency for the
Celebrated AIR CUSHION
RUBBER STAMPS.

News Review.

Legal Notice.

In the Court of Common Pleas of Columbiana county, Ohio: Laura M. Barth, plaintiff, versus Ambrose C. Bradshaw, et al., defendants, No. 1634.

That, whereas Laura Barth has filed her petition against Ambrose C. Bradshaw and Grace Bradshaw, his wife, and others, the said Laura Barth, plaintiff, alleging that the said Ambrose C. Bradshaw did transfer and assign all his right, title and interest by warranty deed to Grace Bradshaw, his said wife, in the following described lots in East Liverpool, Columbiana county, Ohio. Lots Nos. 3,140, 3,188, 3,221, 3,222, 3,257, 3,308, 3,309, 3,310, 3,316, as said lots are numbered and distinguished on the recorded plat of Bradshaw's addition to the city of East Liverpool, Columbiana county, Ohio. That the said transfer was made without consideration, and was made with the intent to hinder, delay and defraud the creditors of the said A. C. Bradshaw.

The said Laura Barth as a judgment creditor of the said Ambrose C. Bradshaw has instituted this proceeding under and by virtue of section 634 of the Revised Statutes of Ohio, and hereby gives notice to all creditors of the said A. C. Bradshaw who is entitled to defend said action.

LAURA M. BARTH.
By GROSHANS & GROSSMAN, Her Attorneys.

WANTED.

WANTED—A GOOD GIRL FOR GENERAL housework. Reference required. Mrs. James H. Goodwin, 23 Walnut street.

You ought to know that when suffering from any kidney trouble that a safe, sure remedy is Foley's Kidney cure. Guaranteed or money refunded.

For sale by Reed's and Bulger's drug stores.

TAYLER TALKS TARIFF

He is a Most Rantankerous Protectionist.

SURELY SEES A SPECIAL SESSION

They Think in Washington That Our Congressman Has Been Talking to Major McKinley, and Is in a Position to say a Few Words Authoritatively.

A Washington newspaper has been interviewing Hon. R. W. Tayler, and says:

"Major McKinley will call a special session soon after inauguration, unless he changes his mind in the meantime. The most excellent reason exists for believing that to be an accurate diagnosis of the major's mind.

"The most significant thing said by any member of congress up to this time upon the question was uttered by Representative Tayler, of Ohio, this afternoon. He came here to attend to some private business, and fell into the hands of the interviewer. Mr. Tayler is young, and prides himself greatly upon the fact that he represents the district in which McKinley lives. Every idea of McKinley's is the law and gospel to Mr. Tayler. It is not probable that he has any views about the tariff that he has not talked about to the major. It is also probable that in a general way he knows the major's idea about the way in which tariff should be handled. Hence the significance attached to Mr. Tayler's declaration that he thinks there ought to be, and probably will be, a special session as soon as possible. He supplements that by saying that that's the opinion held by members of Ohio's delegation and Ohio representatives generally. This, he holds, is the only way in which the question can be handled. He does not expect the short session to accomplish anything. Mr. Tayler is a most rantankerous high protectionist, and a higher tariff is the panacea with him of about all our ills, and if he had had any views upon which the major had not smiled it is not probable that he would have brought them to Washington."

A NEW LIBRARIAN.

Miss Minta McLane Will Fill the Vacancy.

A special meeting of the directors of the library was held last evening, and the secretary was instructed to purchase more books, as the library is in a flourishing condition. Miss Minta McLane was elected librarian to fill the vacancy caused by the death of Miss Curry. The present librarian, Miss Welch, has accepted a similar position at Indianapolis.

STILL ON THE BOTTOM.

The Ferry Boat Has Not Yet Been Raised.

The Hunter was unable to raise the ferry boat, and some other means will have to be adopted to accomplish the task. A man named Nelson made a proposition to Captain Pusey yesterday that he would for a certain figure raise the sunken craft, or if failing in the attempt he would forfeit \$50. The proposition was not accepted.

Big Bargains in Harness.

The firm of M. B. and G. M. Adam is about to be dissolved, and we are selling our stock at and below cost. Harness, bridles, saddles, whips, horse blankets and covers, fur and plush robes, and all other things found in a first class harness store. Come early and get a bargain.

N. B.—We have in stock a few buggies and phaetons also for sale at greatly reduced prices.

M. B. & G. M. ADAM.

Fourth Street.

RIDDLE LODGE.

All members of Riddle lodge, No. 315, F. and A. M., are requested to meet at the lodge room this evening, Saturday, Nov. 28, at 7:30 sharp, to make arrangements for the funeral of Brother George Morley. By order

MASTER.

No Humberg.

Foley's Honey and Tar does not claim to perform miracles. It does not claim to cure all cases of consumption or asthma. But it does claim to give comfort and relief in advanced stages of these diseases and to usually cure early stages. It is certainly worth trying by those afflicted or threatened with these dread diseases.

For sale by Reed's and Bulger's drug stores.

Some Sick People.

George, the little son of A. H. Clark, is dangerously ill at his home on Sixth street, with inflammation of the stomach.

Mrs. Joseph Barker, Sr., who has been ill for some time, is slowly recovering.

Go to the Variety store for cheap books, good books, Bibles, children's Xmas books, booklets, cards, papers, magazines, toys, dolls, stationery, baskets, flowers, candy, novelties in stamped linen, etc.

Splendid supper tonight at the George building, Fifth street. Only 25 cents. Take your friends. Saturday, Nov. 28.

ROYAL BAKING POWDER

A cream of tartar baking powder. Highest of all in leavening strength.—Latest United States Government Food Report.

ROYAL BAKING POWDER CO., New York.

WELLSVILLE.

HIS LAST RUN.

Thomas Carlisle Died in Cleveland Yesterday.

The many friends of Thomas Carlisle will be pained to learn of his death in Cleveland yesterday afternoon. Mr. Carlisle was among the best known engineers in the employ of the Cleveland and Pittsburg company, having been in the service for 32 years. He was a resident of Wellsville for many years, and was a man of sterling integrity, treating all with whom he came in contact with the greatest consideration. He was 65 years of age, and was never married.

TREATED THE POOR.

The Township Trustees Gave Them a Feast.

The township trustees did not forget their charges on Thanksgiving day, and more than one poor family was made happy by a generous dinner. The trustees packed 50 baskets with many good things, and distributed them among the worthy who were unable to provide for themselves. Coal and clothing were also distributed. The churches did not forget the poor, and many donations were given out by the different societies.

The News of Wellsville.

The funeral of Miss Annie Rand will take place Monday afternoon at 1:30 o'clock. If the weather permits, services will be held at the late home, but, if not, Doctor Reager will conduct services at the Methodist Episcopal church. Interment will be at Spring Hill.

Miss Emma Beane, of Pittsburg, has returned home after a visit at the residence of William Beane.

Robert Lomax, who has been confined to his room because his foot had been split with an axe, is able to be out.

A. P. Henry, of Ashtabula county, has moved to this place, and will be employed by W. M. Bright.

Miss Mable Bray, of Toronto, is visiting Miss Fuller at the hotel.

The cellar of the Freaser store was flooded by the bursting of a water pipe, but the damage was not great.

James Paine is home from Steubenville, where he spent Thanksgiving with friends.

Amos Herron was the guest of friends in Buffalo, N. Y., this week.

Henry Roy, of Wheeling, has returned home after a visit in this place.

A Hungarian employed at the Lythe plant fell over the culvert at Brady's when returning home last night, but strange to say was not hurt beyond a few bruises.

Cards have been received here announcing the engagement of Miss Anna Mannist, daughter of Mr. and Mrs. David Mannist, to a New York business man. The family formerly resided here, but moved to New York early in the year.

Miss Florence Rose, of Grant hill, is the guest of Mrs. Henry Thorn.

Mrs. J. W. Hiner, of Main street, is visiting her daughter, Mrs. John Mackey, of Moscow.

Justice MacKenzie is home from East Palestine, where he spent a day or two looking after business matters.

Mrs. Margaret Carothers died last night at 11:30, typhoid fever being the cause. She was the wife of Samuel Carothers, and leaves three children. Services will be held at the late home on Commerce street at 2 o'clock Sunday afternoon. Deceased was 49 years of age.

You Can't Afford to Chance It.

A heavy cold may lead to pneumonia or consumption. Foley's Honey and Tar taken in time affords perfect security from serious results.

For sale by Reed's and Bulger's drug stores.

Entertained Her Friends.

Miss Allie Laughlin last evening very pleasantly entertained a large number of friends at her home on Thompson avenue in honor of her guest, Miss Glenn, of Toronto.

How to Prevent a Cold.

After an exposure, or when you feel a cold coming on, take a dose of Foley's Honey and Tar. It never fails.

For sale by Reed's and Bulger's drug stores.

CHURCH CHIMES.

Services in the Various Places of Worship Tomorrow.

Second M. E. church, Reverend Salmon, pastor—Services every evening. Sunday morning, feast services; at 8 o'clock, consecration meeting; at 7:45 p. m., preaching by Presiding Elder H. S. Jackson.

First U. P. church, Rev. J. C. Taggart, pastor—Subject of sermon at 11 o'clock, "The Teaching of the Gospel on Temperance;" at 7:30, "An Earnest Inquirer." Sabbath school at 9:45 a. m., and in the chapel at 3 o'clock. Young People's meeting at 6:30 p. m. Services each evening during the week, in which the pastor will be assisted by Rev. W. H. McMurray, of Toronto. A cordial invitation is given to the public to attend these meetings.

Christian church, Prof. O. S. Reed, pastor—Morning subject, the "New Name;" evening, by the request of the W. C. T. U., a temperance sermon.

First Presbyterian church, Rev. John Lloyd Lee, pastor—Services 11 a. m. and 7:30 p. m. The pastor will preach in evening on: "Does Sin Ever Pay?" to be answered by the life of a young man who robbed his master, ran away, and returned. Question box: Is there such a thing as backsliding in the Christian life? If so, how may it be cured. Sunday school, 9:30 a. m.; Christian Endeavor, 6:15 p. m.

The Rev. William Hastings will occupy the pulpit in the Methodist Protestant church tomorrow at 10:45 and 7:30. A special invitation is extended to old and former members of this church to be present. Sabbath school at 9:30.

Second U. P. church, Reverend Green pastor—Preaching at 11 a. m., subject, "Our Guide;" at 7:30, "Our Reward;" 6:30 consecration service.

St. Stephen's church, Rev. Charles O'Meara pastor—Morning prayer, communion and address at 10:30, subject, "The Creed;" evening prayer and address at 7:30, subject, "Jesus the Resurrection and the Life." All seats free.

SUDDENLY ILL.

Reverend Epling Cannot Attend the Lutheran Dedication.

Reverend Reinartz in receipt of a telegram announcing the sudden illness of Rev. Frederick Epling at his home in Green Bay, Wis., and he will not be here to preach the dedicatory sermon at the Lutheran church tomorrow morning. His place will be filled by Reverend Reinartz.

All the arrangements have been completed. After a brief preparatory service at the Young Men's Christian association rooms at 10 o'clock tomorrow morning, the congregation will march to the church. Services will be held at the door, the pastor will unlock it, and all will walk in. Rev. R. M. Smith will preach in English and Reverend Reinartz in German. Services by the Sunday school will be held at 2:30, and an English service at night.

The Melville Company.

The Melville company, a first-class repertoire combination, will be at the Grand all of next week. Miss Ida Melville is one of the original Melville sisters, and became popular in New York during the run of "Little Christopher."

Prof. E. Abt's mechanical illusions will be seen each evening.

Postponed.

The clerk's union met last evening, but owing to the small attendance no business of importance was transacted. The election of officers and the arrangements for celebrating their first anniversary were postponed until the next meeting.

A New Kiln.

An old glost kiln is being torn down at the Vodrey pottery. It will be replaced at once by a new kiln of ordinary size. The firm have made a number of improvements, and now have excellent facilities for manufacturing ware.

A Good Concert.

The concert given by the young people of the Second U. P. church last evening was a successful event. The affair was arranged under the direction of Mrs. A. Wilbur. All who took part acquitted themselves splendidly.

Wants His Wages.

Henry Slayter this morning began action in the court of Squire Manley against Thomas Hancock for \$79 claimed due for work. The case will be heard Monday morning at 8 o'clock.

Filling a Vacancy.

Constable Bertelle was this morning appointed to fill the vacancy on the police force until Monday, when it is probable a permanent appointment will be made.

Pay Your December Taxes.

The duplicate is now at my office. For 25 cents you will avoid all bother and delay of writing; besides see your account for yourself.

JOHN J. PURINGTON.

Cleaning Crossings.

Commissioner Finley and his force are today cleaning the crossings of the principal streets.

LINCOLN'S RESOLVE.

It Was Made After He Had Heard Stanton in a Law Case.

There is in all truly great men a mixture of self reliance and of humility—two traits that are not so contradictory as they seem. Lincoln exhibited both traits in a remarkable degree. His acts showed the one, his words frequently expressed the other.

An anecdote in McClure's Magazine, in an article by Ida M. Tarbell, if we read it aright, brings out the secret of this apparent contradiction. Lincoln's humility impelled him to the exertion which gave him his self confidence. The anecdote narrates the first meeting of the man who was to be president with the man who was to be his secretary of war.

Abraham Lincoln and Edwin M. Stanton were employed as counsel on the same side in a great patent case which was tried in Cincinnati in 1855. It was arranged by their clients—much to
